HIS TRAIN

Berlin, April 4.—(Wireless to Sayville)—What is believed to have been an attempt on the life of Emperor Nicholas is reported by the Overseas News Agency.

"Petrograd reports officially that a railroad watchman named Orlov, received a donation from the Emperor," the News Agency says.

Orlov is the watchman who noticed that the track was damaged and gave warning to the Emperor's train.

"It is supposed an attempt on the life of the Emperor was planned, and that it was frustrated at the eleventh hour by the watchman's discovery."

FOURTH RAID ON ENGLAND

Berlin, April 4.—(By wireless to Sayville)—Another Zeppelin raid on the British coast was made on Monday night, the admiralty announced today. The fortifications near Yarmouth were attacked and the airships returned.

The statement follows: "On the night of April 3-4, German naval airships attacked the southeast coast of England and threw explosive bombs on the fortifications near Great Yarmouth. Although they were shelled, the airships returned safely."

London, April 4.—No damage was caused by last night's Zeppelin raid, it was announced officially today, and there were no casualties.

DRYS MAKE MORE TROOPS TO PROTECT U. S. LINES; MADE TO A GAIN IN VILLA MAY LOSE REYES' STRONG FACTION DERAIL HIS TRAIN MICHIGAN

Detroit, Mich., April 4.—Late returns from the 13 counties which voted on the local option issue yesterday made certain that prohibition forces increased the area of dry territory in Michigan. Baraga and Clare counties shifted from the wet to the dry column. The prohibitionists retained these dry counties, where voting was held: Ingham, Mecosta, Roscommon and Wexford. The counties which retained their saloons are Delta, Iosco, Jackson, Lake, Manistee, Ogemaw and Schoolcraft.

Ingham county, which contains Lansing, the state capital, and which was considered the storm center of the election gave the prohibitionists their largest majority, 2,415. The city of Jackson overcame a dry lead which the rural districts piled up and Jackson county stayed wet by 479. Delta county, in the upper Peninsula, yielded the anti-prohibitionists their largest majority, something more than 1,000 votes.

HOLDING LIQUOR ELECTIONS
Chicago, April 4.—One hundred and sixty-five townships in Illinois in which there are 214 cities, villages and settlements voted on the local option today.

Of the larger wet cities voting today there are nine—Aurora, Dixon, Moline, Waukegan, Lincoln, Alton, Galeana, Rock Island and Savanna. Among the dry cities in which the issue has been raised are—Bloomington, Freeport, Belvidere, Kewanee, Elgin and Decatur.

MICHIGAN VOTES
Detroit, Mich., April 4.—With returns received from 203 of the 215 precincts in the city of Detroit and approximately one-sixth of the voting districts in the state outside of Detroit, Henry Ford led Senator William Alden Smith by approximately 3,400 votes, as a result of yesterday's balloting in the Republican presidential preferential primary.

The figures were: Henry Ford, 36,501; Senator Smith, 33,138; William G. Simpson, Detroit, 3,983. President Wilson had no opposition on the Democratic ticket, and the National Progressives had no candidate. E. O. Wood, Democratic National committeeman, was re-nominated over Wm. A. Constock, Charles B. Warren, Republican candidate for National committeeman, was unopposed.

PRIMARIES IN NEW YORK
New York, April 4.—For the first time in the history of New York state, voters will today elect delegates to the Democratic, Republican and Progressive national conventions in direct primaries.

ELECTION IS BITTER
Chicago, April 4.—Chicago's annual aldermanic election opened today with bitter factional fights.

The bitterest fight is in the Republican ranks where Mayor William Hale Thompson and opponents of the administration are struggling for control of the council.

COLLECTORS ACCUSED

Washington, D. C., April 4.—Treasury officials said today that Carl E. Whitney, a New York lawyer, had filed charges that a number of deputy internal revenue collectors in that city, are involved in the recently discovered tobacco frauds.

According to treasury officials, Mr. Whitney charged that collectors have not only been receiving regular remittances weekly from manufacturers but in some cases have approached manufacturers who were not evading the law, and pointed out the ease with which they could escape payment of revenue duties and offered to co-operate with them to this end for small considerations weekly.

HOLLAND REPORTED MASSING TROOPS ON TEUTON FRONTIER

Rome, April 4.—(Via London)—Wireless reports from Zurich state that Holland has closed her German frontier and massed all her available forces there.

Amsterdam — (Via London, April 4).—"I do not for a moment suggest there is a possibility that Great Britain intends to land her new armies on the Dutch coast," said former Minister of War, Colyn, today in an interview, regarding recent mysterious military preparations in Holland. "We have the assurance of Britain that she will respect our neutrality and we rely on that assurance. But the question is, what does Germany think of this?"

TO MARK FRONTIERS
Bern, Switzerland, April 4.—(Via Paris)—The Swiss government has decided to mark the frontiers of the country with a line of posts.

MAY TAX TOLEDO CARS AMUSEMENTS STILL TIED UP IN ENGLAND

London, April 4.—Mr. McKenna, Chancellor of the Exchequer, said a generous allowance would have to be made for the difficulty of framing of exact estimates in view of such questions as the shortage of tonnage and restriction upon foreign trade, and he had assumed that the war would last during the whole of the financial year.

The actual expenditure during the past year was 1,559,000,000 pounds or 31,000,000 pounds below the estimate, said the chancellor.

Great Britain's allies have been assisted to the amount of 264,000,000 pounds and her dominions to the amount of 52,000,000 pounds.

In his budget speech Mr. McKenna said: "The government has been able to do this because of the efficiency of the tax system."

DIDN'T WANT HIM TO SPEAK SO MOB STAGED A RIOT

Haverhill, Mass., April 4.—A trail of broken glass was the only visible evidence today of the disturbance of last night, when a mob held the city in its power for several hours and smashed windows at will.

No arrests were made. Several persons were injured by flying missiles, but no one was seriously hurt. The cause of the riot was the objection of many residents to the granting by the city government of a permit to Thomas A. Leyden, of Somerville, to deliver an address in the city hall on sectarian questions, particularly regarding state appropriations for sectarian schools.

An immense crowd formed about the building and became so loud the meeting was abandoned. They then began throwing stones at windows in the city hall, while portions of the mob went to other parts of the city and attacked the residences of persons who had assisted in arranging for Leyden's address. The local militia company, summoned by Mayor Bartlett, surrounded the city hall, cleared nearby streets, and kept the mob at bay. The crowd then gradually dispersed.

A huge moving picture combine is in progress of formation. Its principal star is to be Mary Pickford, who is to receive a salary of a half million dollars a year.

AUSTRIA NOT AFTER TERRITORY

London, April 4.—Count Stephen Tisza, the Hungarian Premier, is quoted in dispatches from Budapest, according to the Exchange Telegraph Company's correspondent at Amsterdam, as stating in an interview with journalists that Austria-Hungary is not fighting to secure new territory in Europe, but merely is united with Germany in a struggle until a fair conclusion is reached.

"That is all we want," he is reported to have said. The Premier denied that Austria is "sick of the war," but he admitted that the war was long, hard and painful for all.

TO BE CHARGED WITH PIRACY

New York, April 4.—The U. S. Attorney General notified the local federal authorities here today that a formal charge of piracy on the high seas, for which the penalty upon conviction is imprisonment for life, is to be preferred against Clarence Reginald Hudson, alias Ernest Schiller, the German who, unaided, took possession of the British steamship Matoppe after it had left New York last week for Europe.

Charleston, W. Va., April 4.—Snappers employed by the Banner and the Dunkirk Window Glass Company, struck for an increase of 12 per cent in wages.

UP TO GOVERNOR
Jackson, Miss., April 4.—An inheritance tax bill, patterned after the New York law, passed by both houses of the Mississippi legislature was today before Governor Bilbo for signature.

TORPEDO BOATS, SEAPLANES, AEROPLANES AND ARMORED TRAIN TAKE PART IN ANCONA BATTLE

Rome, April 4.—(Via Paris)—Among the details given in an official communication regarding the raid on Ancona yesterday afternoon by seaplanes supported by two torpedo boats, as a result of which three persons were killed, are the following:

"The enemy seaplanes were attacked by anti-aircraft guns on an armored train and by four of our aeroplanes. The seaplanes fled, but three of them were brought down. One was the L-21, which was captured intact. The second was marked O-21; it burst into flames and was destroyed. The third sank while it was being towed to port. The enemy torpedo boats remained far out at sea during the attempted raid."

FREE TEXT BOOK BILL PROPOSED

Columbus, O., April 4.—There was made public today the text book bill for which initiative petitions will be circulated soon. The Junior Order of American Mechanics is supporting the movement.

The bill provides for creation of a state school text book board, consisting of the superintendent of public instruction, state auditor, and three citizens appointed by the governor, all of whom are to serve without pay. Their duties are to obtain from publishers bids on text books and other supplies required by school districts and to order the amount required. Payment for the books and supplies are to be made from the general revenue fund of the state.

N. & W. SHOWS A SPLENDID INCREASE

New York, April 4.—February earnings of the Norfolk & Western Railway indicate a continuation of the recent heavy tonnage operations in the soft coal regions of the south and southwest. Operating revenue increased \$1,649,204 with an increase of \$1,152,658 in net revenue.

DYNAMITE BLOWS OFF FARMER'S HANDS

Napoleon, O., April 4.—Richard Teeple, 32, is dying, and Joseph H. Mason and Earl Smith were hurt when a piece of dynamite exploded in Teeple's hands while he was dynamiting tree stumps. Teeple's hands were blown off.

WIFE ASKS DIVORCE AFTER HUSBAND SAYS HE SLEW HER PARENTS

Grand Rapids, Mich., April 4.—Mrs. Clara Louise Peck Waite, today filed suit for divorce in superior court here against her husband, Dr. Arthur Warren Waite, of New York, who has confessed to the murder of her father and mother, Mr. and Mrs. John E. Peck.

POWDER MILL EXPLODES; 200 PERISH

London, April 4.—The explosion of a powder factory in Kent has caused the death or injury of 200 persons, it was announced officially today.

The following statement was given out: "The ministry of munitions reports with great regret that during the week-end a fire broke out in a powder factory, which led to a series of explosions in the works. The fire was purely accidental. It was discovered at midday and the last of the explosions took place shortly after two in the afternoon. The approximate number of casualties is 200."

CHICAGO AND CLEVELAND IN "MILK" WAR

Cleveland, O., April 4.—Cleveland today faced a milk situation that may send milk prices tumbling in a rate war between independent dealers and the bigger companies; instead of sending prices sky rocketing under the effects of a milk famine.

The independent dealers, seeing a chance to snatch customers from the big concerns, which are threatened with a milk embargo by farmers enraged with the low wholesale prices prevailing, flocked into the milk districts around Cleveland today, contracting for big supplies of milk at prices the bigger companies have refused the farmers.

While steam roads did not bring any milk into Cleveland today, all of the interurban lines brought great quantities. It was said the receipts today were sufficient to provide for ordinary demands.

BANDIT LEADER ASKS FOR AMNESTY

Washington, D. C., April 4.—General Funston advised the war department today he was sending more troops into Mexico from Columbus to protect the line of communication with General Pershing. He did not state whether any additional troops had been sent forward today to the military base.

So far General Funston has not suggested reinforcement of General Pershing's force, except merely to protect the extended communication lines and there was no confirmation today of border reports that extensive additions to the fighting column would be required.

Nineteen Apache scouts and trailers have been ordered from Fort Apache, Arizona, to General Pershing's column. Captain Hazard of the Tenth Cavalry, who was with General Funston when he captured Aguinaldo, left with the scouts for the border today, but he will not accompany them into Mexico.

Major General Scott, chief of staff, said the extra troops had left Columbus two days ago, but no word of the movement had been allowed to leak out. It was believed that the Fifth Cavalry, recently sent from Fort Meyers, Va., and Fort Leavenworth, Kansas, were drawn upon.

San Antonio, Texas, April 4.—Official admission of the belief that Francisco Villa has fled far beyond the American forces and now is operating south of Chihuahua City, was made at General Funston's headquarters today.

FALLS FROM CELL AND SKULL IS FRACTURED

Frank Dressler, a cigarmaker, who while sleeping off a jag in the city prison last Friday evening, fell from the top of a tier of cells, which are about ten feet above the concrete floor and fractured his skull, is still at Hempstead hospital. Shortly after Dressler fell the officials called Dr. William D. Schafer, city physician, who made an examination and pronounced the man's injuries to be serious.

On Saturday afternoon Dressler was taken to the offices of Dr. H. A. Schirmer, Chillicothe street, where an X-Ray picture was made. This showed that the skull was fractured. Then an incision was made in the scalp and the fracture reduced and a silver plate was inserted to strengthen the broken bone. Dressler's condition was considered serious until Monday night when he was reported to be improving.

Dressler was a trusty about the jail for several weeks and on Friday night reported at headquarters and was locked up. When searched after the accident happened, a half pint bottle of whiskey was found in his inner pocket, it is stated.

THEATRICAL

The Palace Players presented at the Sun theatre last night a performance of the famous story "Quincy Adams Sawyer". The play proved to be all that was claimed for it and the audience seemed well pleased with it. The Palace Players deserve special mention for their careful and painstaking interpretation of this difficult play. The entire cast of twelve people showed themselves capable of handling their separate characters correctly. If you are looking for an evening's solid enjoyment, go to see "Quincy Adams Sawyer" at the Sun theatre. A matinee will be given of the play Wednesday. For the last three days of this week the Palace Players will offer the four-act drama of political graft entitled, "The Grafters". This is a strong play with a modern theme and a vital question well handled. A complete production will be made for this play. After the play tonight a wrestling match will be held and all are invited to attend free of charge. The match will be conducted in a manner that will be pleasing to the ladies as well as the gentlemen.

Ralph Thomas Is B. Of T. Secretary

Ralph E. Thomas, secretary of the Business Men's Association, was unanimously elected secretary of the local Board of Trade Monday afternoon at their regular meeting which was held at the offices of the organization, Masonic Temple. Owing to a large amount of routine business which was presented to the directors for action, the report of the committee on by-laws and a constitution was deferred, until a special meeting which will be held within the next two weeks.

This committee is composed of Adam Frick, Mark W. Selby, James W. Bannett, Jr., John McMillan and John C. Bauer.

Teachers' Institute Was Real Success

The Bible School Teachers' Institute held in the basement of the Second Presbyterian church Monday evening was a big success, so much interest being manifested in the meeting that it was decided to hold an institute once each month, the date to be decided upon later. Forty-three out of fifty-six teachers were present. W. W. Gates, superintendent of the Sunday school, gave a very interesting talk. C. E. Dowling spoke on "The Necessity of a Devotional Hour Each Day For Teachers." "Efficiency

In Making" was the subject of a short talk made by Chester Lloyd. Mrs. William E. Gault's talk was on "Extent of Teaching in the Sunday School." Rev. George P. Horst followed making a talk on "What Is Expected of the Sunday School Teacher." The talks were interesting and helpful. A round table discussion followed the last address. F. Fieger is efficiency engineer of the Sunday school and will preside as chairman of the institute sessions. The Monday evening session was brought to a close by a half hour's social affair, refreshments being served.

THE CULTURE OF INFLUENCE

This topic suggests that the sermon of the special preacher at All Saints' church tomorrow evening will be more than ordinarily interesting.

The visiting priest will be the Rev. E. B. Jermin, rector of the Church of the Good Shepherd, Norwood. Previous to coming to the Diocese of Southern Ohio, Mr. Jermin was rector of Grace church, Bay City, Michigan. A cordial invitation is extended to all to attend these services, which are uniformly interesting and helpful in character. A great many strangers have been in the habit of coming to the Wednesday and Friday services, and they are always welcome.

SERVICES FOR DEAF

Rev. C. W. Charles, well known minister of Columbus, will arrive in Portsmouth Saturday to conduct special services for the deaf at the All Saints' Club Saturday evening and at the church Sunday morning. The lecture, which will be given at the Club, will start promptly at 7:45 o'clock.

On Sunday at All Saints a special service for the deaf will be held in the Chapel and Rev. Charles will present a class of five to Bishop Reese for confirmation.

While here Rev. Charles will be the guest of Mr. and Mrs. Frank Minego, Twelfth street. Rev. Charles and Mr. Minego were school friends.

Maccabees Home Coming Tonight

All arrangements have been made for the "Home Coming" to be held by the Women's Benefit Association of the Maccabees tonight in their hall, Sixth and Chillicothe streets. Mrs. Myra Davisson, district manager of Lancaster, Ohio, is expected to be present. Every member is expected present at roll call, as this is to be a banner meeting and a new record is to be made in attendance. After a short business session all will enjoy a banquet. The committee in charge of the banquet, Mrs. Sarah Warnock, Miss Mabel Harris, Mrs. Harold Martin and Mrs. Mary Hobstetter, report all arrangements complete for a splendid banquet.

Lad's Knee Causes Trouble

Mrs. Charles Pace, of Gay street, leaves Tuesday evening for New York City, where she will take her young son Bobby to St. Marks' hospital. They will be met at Norfolk, Va., by Dr. Beck of the hospital, who will accompany them to New York, where an X-Ray will be used on the lad's left knee. It will be remembered that young Pace received a deep gash in his knee about a year ago when a boy chasing him with a big knife fell, the knife striking the knee. Young Pace suffered with blood poisoning for some time and finally pulled through. Recently the injury started to give him trouble again.

Mr. Anderson In The East

Warwick W. Anderson left Tuesday for New York, where he will buy goods for the children's and misses' departments of The Anderson Bros' department store. He was joined at Huntington by Charles N. Anderson, of the firm of Anderson & Newcomb, and he will buy goods for his firm while in New York.

Vestry Is To Meet

The vestry of All Saints' church will meet in regular monthly session at the close of the Litany service on Wednesday evening, about half-past eight o'clock. The meeting will not be a long one, but the business is important and a full attendance of members is expected.

The Real Way To End Stomach Trouble

Is To Correct the Conditions That Cause It. Don't Let Food Ferment and Decompose in Your Stomach

Make Your Stomach Digest Your Food Before It Sour

Hypertrophy (high-perchloric-high-dreer) is a medical word meaning an unhealthy condition in the stomach and digestive tract, that causes premature fermentation of food after it reaches the stomach. Sourness, Gas, Acidity and heartburn result.

Artificial digestants give relief simply by relieving the stomach of its sour food contents. They do not stop the fermentation or help the stomach.

To overcome conditions of this kind Wurster Bros. and many other druggists are strongly recommending Mi-o-na Stomach Tablets which tone up the stomach and restore normal digestion by loosening up the hardened bile and mucus from the stomach walls that are preventing a normal flow of the natural digestive juices. Mi-o-na gives quick relief to all the usual distressing stomach symptoms and so tones the stomach machinery that pretty soon meals no longer turn sour, but are digested normally and painlessly. Druggists everywhere sell Mi-o-na and say: "You can have your money back if this don't help you."

Nujol

THE PURE WHITE MINERAL OIL

Approved by: Harvey W. Wiley, Director Food, Sanitation and Health.

CHEER UP—BRIGHTEN UP!

ANY doctor will tell you that "the blues" is frequently a symptom of constipation and its attendant evil, auto-intoxication. Take care of constipation and "the blues" will take care of itself.

But laxatives and cathartics won't cure constipation. In fact the indiscriminate drugging of the system with such remedies only aggravates the condition and tends to make constipation chronic.

Because of the evident dangers of the laxative habit, physicians everywhere are advocating the use of Nujol, a pure white mineral oil, which does not drug or physic but which acts as an intestinal lubricant.

Nujol softens the contents of the intestines and lubricates the entire tract, so promoting normal evacuations. It is purely mechanical in its action, and is not absorbed into the system. Consequently it is not habit forming and may be taken in any quantity without harm.

Write for booklet, "The Rational Treatment of Constipation." If your druggist cannot supply you, we will send you a pint bottle of Nujol prepaid to any point in the United States on receipt of 75c—money order or stamps.

Claims Husband Had Made Murder Threat; Police News

Wilburn Hall, who a little over a year ago shot and killed Bob Brown, when he discovered him in company with his wife, Jennie Hall, in the willows above the upper ferry landing, was arrested Monday night on the latter's complaint.

Mrs. Hall charged her husband with threatening to kill her with a revolver, but as she failed to appear against him in police court Tuesday, the hearing was continued. Hall appears to be in very delicate health. He told the officials that a certain young man was paying attentions to his wife, and that after he had warned him, the fellow agreed to leave town, but had failed to do so and was still meeting his wife.

One Armed Man Ordered Away
Frank Moore was the name given by a one-armed stranger who while drunk was begging about the N. & W. depot and also climbed the engine and entered the baggage car of N. & W. train No. 26. He was given a \$10 suspended fine on condition that he leave the city immediately, otherwise he would be sent to the

workhouse. Charles Craycraft and A. J. Crum were named given by plain drunks who were fined \$5 each and had sufficient money to pay out. Henry Stenson, William Stevens and John Thomas, three negroes, who applied for lodging, were made acquainted with the new rule that all able-bodied men seeking city accommodations would have to give some returns and were committed to the work gang for a couple of days' work. "It's our aim to make this town hard to light in," explained the court.

Too Drunk To Appear
Arthur, better known as Doc McCloud, a former Portsmouth mechanic, had not sufficiently sobered up to be able to appear in court and his case was continued. McCloud got down and out at the N. & W. depot about 10:30 o'clock Monday night. Officer Schobel bundled him into a taxi to be taken home, but his home, if he had any in Portsmouth, could not be located and he was brought to the police station. While at the sergeant's desk he lost his balance and jerked a newly installed iron rail enclosure out of place.

J. W. Bohn Fined \$25
J. W. Bohn was fined \$25 and costs Monday evening for assaulting his wife, Cora Bohn, and a 30 days' workhouse sentence was suspended pending good behavior.

William Boltz, of Eleventh and Gay streets, who was arrested on complaint of his wife, who charged him with drunkenness and disorderly conduct, was dismissed, inasmuch as he had left home and promised to leave her alone in the future.

Rastus Hodge was fined \$25 and costs and sentenced to 30 days in the Cincinnati workhouse for assaulting his wife, Maud Hodge. The

couple live on the West End mill lot. Sarah George, who was charged with drunkenness and disorderly conduct and abusing and vilifying her aged mother-in-law, Isabelle Hodge, was dismissed on account of failure of the latter to appear. Martin Ray and Clarence Her were fined \$10 each, half of which was suspended, for fighting Saturday night. The fight did not occur inside the Bismarck cafe, as first reported.

Portsmouth Merchant Praises Pizaro!

Saved His Son's Life—California Cactus Juice World's Greatest Medicine

Honest endorsements by honest people is the record that Pizaro has established here in Portsmouth.

Mr. Earl J. Billian, well known business man, for years has been at the Central Hardware Store meeting the public. His many friends and acquaintances know him from his pleasing manners and upright dealing. Also know that he would not allow his name or any of his family used in connection with any fake or humbug. Mr. Billian lives at 627 8th St. In speaking of Pizaro and his California Cactus Juice and the good work his preparations are doing here Mr. Billian stated that his son Carroll has been feeling poorly at times. His stomach and general system was run down caused from a monster parasite. "My boy was nervous and his appetite was ravenous at times and the food he ate didn't seem to benefit him. We made up our mind to try Pizaro's preparation as we had read in the paper of the many marvelous cures this man's medicine is accomplishing in Portsmouth and we decided to try it. In short time after using this wonderful medicine my son was relieved of a monster tape worm

many feet in length." Pizaro stated that all these tape worms are caused from eating meat and that many people who have stomach, liver and bowel trouble are suffering from the terrible creatures, imperfect digestion and dyspepsia cause more serious diseases, nearly every form of disease begins in the stomach. Indigestion wrecks the entire nervous system, clogs up waste matter in the intestines which in turn poisons the blood. California Cactus Juice is widely recognized as the greatest stomach remedy and system builder. Sold at Wurster Bros. drug store, one dollar per bottle or six bottles for five dollars. People living out of town can send direct for it.

Pizaro's Medical Experts
Pizaro's physicians are giving free examinations and consultations to the sick and suffering who call at their headquarters in the Manhattan hotel. Crowds are flocking from all parts of the city and surrounding towns to see these master experts.

FATHER ACCUSED OF HEINOUS CRIME SAYS HIS WIFE AND DAUGHTER LIE

James Berry, the aged Norfolk and Western employee, who was indicted before the grand jury on six counts for rape, his wife and daughter being the accusers, and the daughter the victim, was placed on the witness stand Tuesday afternoon when his case came up for trial. Berry was visibly nervous and gripped the bottom of the chair with both hands. He hesitated before answering the attorneys' questions and frequently licked his lips and rubbed his hands over his head. He unfolded one of the weirdest tales ever heard in the court room. He denied having had any illicit relations with his daughter, Bessie Berry, as charged by both his wife and daughter.

He claimed that he was the most persecuted husband around. He declared that his wife had frequently threatened to call the police and have him arrested when he wanted to whip his daughter. He said that his wife had threatened to poison him by placing arsenic in his coffee and to kill him by pouring hot lead in his ears.

He claimed that his wife and himself first disagreed when he was told that Bessie's father was a man named Sam Childers. Quarrels followed every few days until about three months ago, when the defendant claimed his daughter made indecent proposals to him, and committed other unseemly acts. With these things in mind, the witness claimed that he refused to allow his daughter to leave the house after dark.

Practically everyone in the court room noticed the nervous condition of the witness when he answered the questions of the attorneys. When asked if the charges preferred by his daughter were true, Berry gulped once or twice, clinched the bottom of the chair with both hands, moved around facing his attorneys, recrossed his legs and said no.

He maintained that the charges were preferred by his wife and daughter to "get even." He characterized his wife and daughter as "two enormous liars," adding that no one in his neighborhood would believe anything they said.

It is probable that the case will be submitted this afternoon. H. Stanley McCall is defending Berry.

Substituted.
"So you have taken to carrying around a monkey? This is going too far."
"Well, you never go anywhere with me," was his wife's somewhat ambiguous retort.—Pittsburgh Post.

LABORER STRUCK AND CONTRACTOR ARRESTED

Contractor W. Frank Seymour, Boston, Bungardner and son, who is grading the L. D. York addition back of the Millbrook park ball park was arrested by Marshal W. J. Davis about eleven o'clock Tuesday morning on a warrant alleging that he struck Isaac Bungardner, laborer, with intent to wound.

Bungardner and his son, Robert were working for Seymour. Mr. Bungardner having his teams. According to Bungardner Dr. Seymour wanted his son to drive his team into a hole where several teams got stuck Tuesday morning and the lad refused. The two quarreled and according to Mr. Bungardner he received a blow on the left side of his head when he stepped between his bay and Seymour. Bungardner received a cut about two inches long from the butt of a whip which Seymour carried. Seymour will be given a hearing Wednesday afternoon before Mayor J. S. Davis of New

The Holmes Club will meet Friday evening at the home of the Misses Edith and Clara Burke.

This evening's meeting of the Monday Evening Kensington club, planned for the home of Mrs. James Kirby, has been postponed on account of the death of Mr. Adam Steel, his daughter, Mrs. Walter Patterson being a member of the club.

Mrs. Bruce Hoober and two sons, Emerson and Clay, will go to Cincinnati tomorrow for a few days' visit.

Miss Anna Appel, of Offshore street, was taken to Cincinnati last week and was operated upon at the Jewish hospital on Friday for appendicitis. Peritonitis set in and Miss Appel is a very sick woman, but the doctors now have hopes of her recovery. Her sister, Miss Mary Appel, is at her bedside, and if she gets better Miss Lydia Appel will go down to see her the last of the week.

Watch Child's Cough
Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. It's a sweet pleasant Tar Syrup and so effective. Just lavative enough to eliminate the waste poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safeguard your child against serious ailments resulting from colds.

CENTRAL PRESBYTERIAN CHURCH HAS ELECTION

At an election held Monday night by the Central Presbyterian church Walter Kress, H. B. Murray and Martin Keller were elected elders. Charles Rice was elected deacon for three years and Earl Brown for two years. Trustees elected for two years

were C. J. Hauck, Earl Brandel, Charles Nagel and Geo. Hobstetter. Reports submitted at the election showed the church to be in splendid shape. The pastor, Rev. B. B. Cartwright was called to Manchester, Tuesday, by the critical illness of Mrs. Cartwright's aged father.

JUDGE REFUSES TO MODIFY INJUNCTION

Ironton, April 4.—Judge Jas. S. Thomas of Portsmouth was here Monday and held court in council

chambers to hear an application to modify the injunction against Lou D. Smith, obtained in the probate court in the absence of Judge Corn by Sally J. Smith, his wife.

Mr. Smith desired to have this injunction modified so that he could assume charge of his business. The matter was presented by Atty. J. O. Yates for Mr. Smith while Attorney Cooper and Russell looked after the interests of Mrs. Smith.

Judge Thomas refused to modify the injunction and left it to be heard upon its merits.

OBITUARY

Adam Seel

Life's curtains closed on a long and useful career Tuesday morning at 6:30 when the Grim Reaper claimed Adam Seel, aged 72 years, the dean of local bakers, caterers and confectioners and one of Portsmouth's best known business men and most highly respected citizens.

Mr. Seel was surrounded by his loved ones when the end came peacefully. He had been in a comatose state for the past three days, after having been bedfast for ten weeks, suffering with cirrhosis of the liver and complications. Until stricken a few months ago Mr. Seel had enjoyed perfect health practically all of his life time.

News of his death was received with genuine regret over the city. An honest, upright citizen, splendid business man, always courteous and obliging, devoted to his family and true to his friends, Mr. Seel was highly regarded by all who knew him.

Adam Seel was born in Kulmbach, Bavaria, Germany, October 8, 1844. His father, Michael Seel, a blacksmith, died when Adam was only 15 months old. The mother was left with four children, two sons and two daughters, of which Mr. Seel was the youngest. The family emigrated from Bremen to the United States in 1856 on a sailing vessel and landed at Baltimore. They were on the ocean fifty-seven days. They located in Hagerstown, Maryland, where Mr. Seel worked in a brick yard until 1857. He then went to school for two years, and at the age of fifteen years he became apprenticed to learn the baker's trade, spending two years and six months in this way. He worked at Harrisburg, Penn., and in the spring of 1864 he came to Portsmouth and took employment with B. Switzer, who had a confectionery on Second street, just west of where the Portsmouth Hat company's store is now located. He remained with him until 1868 when he engaged in business for himself on Sixth street, near Chillicothe. In 1869 he moved to the former location of Mr. Switzer on Second street and in 1872 he removed to 737 Second street where he conducted a bakery and confectionery ever since. In 1882 he bought the lot just east of the present building and built there and in 1895 he built the building just above the bakery now occupied by Hansen Bros.' furniture store.

Mr. Seel was married July 10, 1866 to Eliza C. Leace at Hagerstown, Maryland. Of this marriage there were two daughters: Miss Clara L. Seel at home and Kate, the late widow of Frank Legler, she dying two years ago. His wife died December 27, 1877. Mr. Seel was again married February 28, 1879 to Harriet Wolfe who survives him. To this union were born two daughters: Nellie, the wife of Walter Patterson and Miss Nora Seel, at home. A half brother, George Garis, resides at Funkstown, Maryland.

Mr. Seel was a staunch Democrat and served as a councilman from the old Third ward for eight years. He was of the Lutheran faith and was a member of Aurora lodge, Mt. Vernon Chapter, Solomon Council and Calvary Commandery of Masons. He was also a charter member of Portsmouth lodge of Elks.

Miss Margaret Legler, a granddaughter, had hoped to return to Portsmouth in time to see Mr. Seel alive but is still at Carrizozo in the mountains of Lincoln county, New Mexico. She had intended remaining there but a short time but the raids of Mexican bandits upon the American border occurred shortly after her arrival there, and prevented her return. Funeral arrangements will be announced later.

W. E. Stanton.

In the death of W. E. Stanton, aged 70, who died suddenly at one o'clock Tuesday morning at his home in Hamden that village and Jackson county lose one of their best known and most highly regarded citizens. Relatives here of Mr. Stanton were apprised of his death this morning, and it was attributed to a stroke of apoplexy. Mr. Stanton, who for many years had been engaged in the mercantile business in Hamden, was in his usual health Monday morning, according to word received here Tuesday. He just recently returned from New Orleans, where he attended the Mardi Gras.

William Edward Stanton in addition to his faithful wife, Mrs. Anna Stanton, leaves six children as follows: Mrs. T. J. Reagan of Dayton, Mrs. Louis E. Distel of this city, who was called to Hamden Tuesday morning and Leo William, Lucetta and Paul Stanton at home. One sister, Mrs. Mary Gaughan of Milan, Mo., al-

so survives. Mr. Stanton was at one time engaged in the mercantile business in Berlin Cross Roads, Jackson county with his late brother, John Stanton. The deceased was also a brother of the late Michael Stanton, for many years a prominent resident of Portsmouth.

William Stanton was born at Ballinacree, Ireland, May 1, 1845. When but three years old his parents sailed for New Orleans. Shortly after landing in this country, they moved to Jackson, O., where the deceased received his education. For thirty-five years Mr. Stanton played a prominent part in the mercantile circles. He was perhaps one of the best known merchants in this section of the state.

Mr. Stanton was a man known for his congeniality, he was progressive and always evinced an interest in affairs affecting the welfare of Hamden and Jackson county, and the news of this good citizen's passing away will bring sorrow to many hearts in Scioto as well as Jackson county. He was devoted to his wife and children and he led a life that is worthy of emulation. Honest in all his dealings he passed away comforted in the thought that he did his duty as he saw it and that he had been kind and considerate to every one.

Mr. Stanton was a member of St. Peter's and Paul church of Wellston, which is in charge of Father Meade, who is well known in Portsmouth.

Arrangements for the funeral have not been made.

Louis H. Newton

Miss Anna A. Newton, the public librarian, was shocked to receive word of the death in St. Louis Monday of her only brother, Louis H. Newton, a well-known former Portsmouth citizen, who succumbed to a sudden attack of pneumonia.

Mr. Newton was born and reared in Portsmouth and was for many years local agent of the Adams Express Company. He had been a resident of St. Louis for the past ten years and was engaged in the real estate business there. He leaves a wife, who was formerly Miss Rose Stevens, of Mount Vernon, Ohio, and three sisters: Misses Anna A. and Olie A. Newton, of No. 801 Court street, this city, and Mrs. T. B. Fauch, of Washington, D. C.

Mr. Newton was a member of

McPherson Council, Royal Arcanum, this city, and was a life-long member of the Episcopal church. The remains will be brought to Portsmouth for burial.

Mrs. Elizabeth Kuhner

The funeral of Mrs. Elizabeth Kuhner was held at 10:30 Tuesday morning from the home of her cousin, Mrs. Theodore Cook, at South Webster. Interment was made in South Webster cemetery. Mrs. Kuhner died Saturday after an extended illness, a stroke of paralysis being the cause of death. The deceased was the widow of Gilbert Kuhner, formerly of Bloom Furnace and who died at that place a number of years ago. Mrs. Kuhner later moved to South Webster where she lived for some time. Of late she has lived in Columbus. She was about sixty years of age. The body arrived at South Webster, Monday. The deceased leaves five children, Katie and Myrtle and Rose and Oscar of Columbus and William of Jackson, O. Mrs. Kuhner was well known in the eastern part of the county where she had made her home for a number of years.

THE MARKETS

NEW YORK STOCKS

New York, April 4.—Efforts to stimu-
late interest in today's market were fu-
tile, early gains being succeeded by gen-
eral reaction in the late session.

Yesterday's advance in specialties, es-
pecially war shares, was resumed at to-
day's opening, with gains of 1 to 4
points in Baldwin Locomotive, New
York Air Brake, Studebaker and Willys-
Overland. Shipping shares were higher
by a point, with marked activity in
Mercantile Marine preferred and com-
mon. Coppers were prominent but
slightly irregular, Utah and Anaconda
showing slight recessions with Kenne-
bec unchanged, but Zinc issues were
strong. Industrial Alcohol gave promise
of further prominence and some minor
specialties were fractionally higher.
Bulls were again backward.

Trading became broader and more ac-
tivated, dealings in the first hour ap-
proximating 200,000 shares, with con-
tinued activity to noon. Price changes
were irregular, however, some specia-
ties, notably Crucible Steel and a few
ralls falling under yesterday's final
figures, while others supplemented

early gains. Marines became the out-
standing feature, with numerous large
individual sales of the common stock
on its advance of 1 1/2. Motors and oils
were brought forward later, Willys-
Overland extending its gain 8 points to
243 and Studebaker almost 4 to 126.
Jewell Tea rose 6 to the new record of
95. Sugars were weak, Cuban American
declining 20 to 220 and South Porto
Rico 9 to 207. Bonds were lower.

Coppers led the further decline of the
final hour, the only exception to that
trend being shown by Maraca common,
which ended its gain. The closing was
heavy.

A Tax-Free Security
Yielding 6.93%

The tax-free, 7% cumulative preferred stock
of The Gramm Motor Truck Company, of Lima,
Ohio, is a particularly desirable security for the
investment of idle funds that would be taxed
if permitted to remain in bank until Monday,
April 10.

This stock is issued and sold in amounts of one share up-
ward, the par value being \$100. The price is \$101 per share,
upon which the 7 per cent dividends yield a tax-free income of
6.93 per cent.

The principal sum invested in these shares will be protected
by tangible, net assets worth more than \$250 for each \$100 of
preferred stock outstanding. The total preferred dividend re-
quirements, including the new issue, will be only \$37,500 a year
—while the company's net profits for the year 1915 alone, were
more than \$500,000.

These figures are verified in an audit made by certified public
accountants, December 31, 1915. A detailed financial statement
and a booklet containing a history of the growth of this great
business, together with our analysis of its gratifying prospects for
the future, will be mailed from the Canton office on request.
A prompt inquiry will insure the completion of your investiga-
tion before tax day.

Suspects Held In Connection
With Recent Cutting AffrayGranted Patent On
Street Car Fender

Ernest Newman, the young victim
of Saturday night's cutting affray,
had not yet developed any complica-
tions from his wound Tuesday, and
was doing nicely.

Elza "Red" Shaw is in police cus-
tody in connection with the cutting,
while Tracy Hollingsworth, a 15-
year-old colored boy, who was
thought to have been in the gang, is
in the county jail awaiting hearing
in the juvenile court. Hollings-
worth denies reports that the knife-
wielder handed the blood-covered wrap-
on to him, for while admitting that
he attended the Pizarro medicine
show he said he arrived there after
the cutting and that some fellows
were still scrapping. Shaw had told
of the knife having been handed to
Hollingsworth and that it was later
thrown into some refuse at the Old
Fellow's Temple site on Seventh
street. Chief Henry Clark searched
the premises, but was unable to find
the knife. Young Hollingsworth
stated a white man during some
trouble between some counting par-
ties on Waller street last win-
ter.

William Stilwell, who is employed
as operator of a lude crane in the
open-hearth department of the
Whitaker-Gleason Company's plant,
received official notice from Wash-
ington, D. C. Tuesday, that he had
been granted patent rights upon his
newly invented automatic street car
fender.

Mr. Stilwell's new device is said
to overshadow any and everything
over attempted in the fender line,
and it is claimed it will stop a car
going at a rate of 18 miles per hour
inside of eight feet.

Stilwell also expects to secure
patent rights in the Dominion of
Canada. He is said to have good
financial backing for placing his in-
vention upon the market and friends
hope to see him realize a fortune.

THREE BODIES ARE FOUND IN THE COUNTY; CORONER AND SHERIFF KEPT ON THE JUMP

One Victim Cut To Pieces By A Train; Another Fell From A Bridge; Third Found In The Little Scioto

Citizens of Scioto county were startled Tuesday morning by the news of the finding of three corpses, one at the Sciotoville railway bridge; another in a pool at Wheeler's Mills near Sciotoville, and the last on the D. T. & I. tracks near Superior, this county. Sheriff E. W. Smith and Coroner J. W. Daehler were kept busy all Tuesday visiting the scenes of the gruesome finds and making investigations.

FIRST BODY FOUND AT MIDNIGHT

The first body was found on the street car tracks under the B. & O. bridge, Sciotoville, Tuesday morning at 12:30 o'clock, by the motorman, Clarence Wright. It was identified as being Henry Dowdy, an aged hermit, who lived near the N. & W. depot. At the coroner's inquest, it was found that Dowdy met his death by accidentally falling from trestle and fracturing his skull. Death was instantaneous.

NEGRO'S BODY IS NEXT FOUND

Workmen on their way to the Hunt-Forbes camp, near Wheeler's Mills, made the second find when early Tuesday morning they found the body of a negro floating in the storage pool near the mill. At noon the body was towed to the shore and a cursory examination was made. Officials of the camp identified the body as that of Thomas Ennis, a negro who disappeared on the day that a posse chased a negro whom they believed to be "Louise," the murderer of George Washington into the Little Scioto river. The body was tied to the bank and will be left there until Tuesday night when Coroner Daehler will hold an inquest.

THIRD MAN VICTIM OF TRAIN

The third find was made at daybreak when Albert Ruth was walking down the D. T. & I. railroad tracks near Superior, this county, and stumbled over the mutilated remains of William Sharp, a young man of Superior. Sheriff Smith and Coroner Daehler went to the scene Tuesday afternoon to conduct an investigation and hold an inquest.

Stumbles Over Bloody Leg

Sharp's body was found along the tracks of the Detroit, Toledo and Ironton railway early Tuesday morning, between Superior and Crawford's Station, Albert

Ruth stumbling first over a bloody leg. He investigated and found parts of an arm and pieces of torn flesh scattered about the tracks for a distance of several feet. He hurried to Superior where he called the Ironton authorities, and notified them of the accident. They in turn called Coroner Daehler and told him of the incident, as the scene is in Scioto county.

About eight o'clock Mr. Hart with a party of friends went back to the scene and collected the mutilated remains of the victim who was identified as being William Sharp, a well known young man of Superior. The pieces were piled up alongside of the tracks and watched by members of the party until Coroner J. W. Daehler and Sheriff E. W. Smith arrived, which was about 2:30 o'clock.

William Sharp, according to his relatives, went to Ironton Monday morning and returned on the evening passenger train in an intoxicated condition. He left the train at Crawford's Station and went to the home of his brother-in-law, Milton Hughes for a visit. After remaining there for a few hours, he became restless and went out, claiming he was going to bed. He was found by the brother-in-law, who called the police, and was taken to the hospital, where he died.

Mr. Hughes followed him to the tracks and pleaded with him to remain over night but the young man refused to do so and continued on his way. This was the last seen of him alive.

It is supposed by his relatives that he was killed by a train.

He was the son of Mr. and Mrs. Alfred Sharp. His father is a well known farmer. June 23, 1913 he was married to Miss Minnie Hughes. To this union there were two children born, Alice, aged 2 years and James, 7 months.

The inquest had not been completed at press time. The family plan to hold the funeral services Wednesday afternoon at two o'clock. Interment will be made at the Mt. Hope cemetery.

Two Bodies Found At Sciotoville

The details of the finding of the two bodies near Sciotoville are as follows:

At midnight Motorman Clarence Wright and Conductor Henry Smith, the crew in charge of the late Sciotoville street car, found the huddled body of a man lying on the tracks just at the entrance of the viaduct under the Baltimore and Ohio railroad. The car was brought to a stop and the crew hurried to the man's assistance. A quick examination revealed that the man was dead. His body was covered and Sheriff Smith and Coroner J. W. Daehler were notified.

Early Tuesday morning, employees of the Allen Construction company found the second body. That of a negro, floating near the storage dam in the Little Scioto river at Wheeler's Mill. The body was covered with mud and it was barely resting upon the concrete work of the dam, floating face downward. The sheriff and coroner were also notified of this ghastly find.

First Body Identified

Sciotoville citizens, who on hearing that a corpse had been found under the Baltimore and Ohio railway bridge, went to the scene and identified the first body as being that of Henry Dowdy, an aged hermit who lived in a shanty near the Norfolk & Western depot.

It is supposed that Dowdy became intoxicated, as a half empty bottle of whiskey was found in his inside coat pocket, and attempted to cross the trestle. On reaching the center of the bridge, it is thought, he staggered and fell to the edge and the mutilated portions of a heavy black overcoat and the clumsy gun which he wore overbalanced him and he plowed headlong into the yawning abyss below. The heavy body struck head-first the sharp corner of a railroad tie and killed the man instantly. The body was lying in a pool of blood when found by the street car men.

The body was carefully removed from the street car tracks by the crew and covered with the long overcoat, and left until the coroner arrived Tuesday morning at 12:30 o'clock.

Coroner Holds Inquest

Coroner Daehler held an inquest over the body of Henry Dowdy at Sciotoville Tuesday at ten o'clock and decided that death was accidental, caused by a fall from the trestle, which resulted in a fractured skull and concussion of the brain. Death was instantaneous, according to the coroner.

removed to the Macquard undertaking establishment, where it was prepared for burial.

Dowdy is survived by four children: Charles, Mayme, Nell and John, all of this city.

Second Body Is Discovered

The second body was discovered by employees of the Allen Construction company, who while crossing the foot bridge near Wheeler's Mills Tuesday morning at five o'clock, were startled by seeing a bobbing form of a negro covered with a heavy coating of mud floating against the heavy concrete dam. They watched the ghastly sight for several minutes and saw the head, which was floating face downward, lodge on a portion of the wall and remain there.

The party hurried to the offices of the Allen Construction and told the story of their find. Telephone messages were sent to the sheriff and coroner of the find but the officers were not reached as they were at Sciotoville investigating the details of the death of Henry Dowdy, whose body had been found under the trestle of the Baltimore and Ohio railway. So a man was placed on the bank near the dam to watch the body until the officers could come to the scene. Then the body will be removed.

At first some thought that the body was that of "Louise," the negro who murdered George Washington by shooting him with a shot gun in a fight and afterwards beating his head to a pulp with the stock of a shot gun. Last February, but later developments indicate that the corpse is that of the negro named Thomas Ennis, of the Hunt-Forbes camp, who disappeared shortly after a posse of citizens ran him from his shanty, believing him to be "Louise."

Body Seems To Be That Of Ennis

Shortly before Sheriff Smith and Coroner Daehler left for Superior Tuesday, they asked the officials of the Allen Construction Company to have the negro's body towed to the shore, and this was done. A rope was fastened about the corpse and it was tied to the bank. It will be left there until the coroner arrives to conduct an examination.

According to the commissary clerk at the camp, the body is that of Ennis. It is dressed in a pair of faded blue overalls, a blue jumper, a pair of gum boots and a blue shirt.

"Louise," the murderer of George Washington, wore a brown flannel shirt, a pair of blue trousers and a blue jumper. This strengthens Sheriff E. W. Smith's theory at the time of the murder and the man hunt which followed.

Had A Clue About Louise

Several days after the horrible murder of George Washington, the officers of the law and the employees of the construction camps scoured the country, night and day, looking for "Louise." Reports and rumors of his whereabouts came thick and fast. All were investigated but the murderer was not found. One afternoon, a report reached the Hunt-Forbes camp that "Louise" was standing in the doorway of a shanty. So a posse was quickly formed and the man hunt began. The negro who was standing in the shanty door

quickly fled when the armed force approached.

A running fight ensued with the negro in the lead. Finally the posse lost sight of their "quarry" but trailed him to the banks of the Little Scioto river, where footprints were seen leading into the river but none could be found where the negro left the stream. It was then believed that "Louise" had jumped into the stream and drowned.

Ennis Had Also Disappeared

The next day it was found that Thomas Ennis, a negro who occupied the same shanty that was surrounded by the posse, had disappeared. It was then said that Ennis was the man who was chased into the river by the posse. Ennis, according to the commissary clerk at the Hunt-Forbes camp, was having trouble with the officers of the law because of his mix-up with a negro. He expected trouble daily and became frightened when he saw the armed men approaching.

NEW BOSTON

Members of the Mission Circle met Monday evening at the home of Miss Stella Slack on East Rhodes avenue. The following were present: Misses Edna Lawson, Blanche Henry, Myrtle Thomas, Estel Kallner, Thelma Moore, Bertha Reed, Maria Fremont, Margaret Sutton and Mrs. Harley Black. Miss Slack served refreshments of ice cream and cake.

Charles Fiddler, formerly clerk at Chinn's store is working as insurance agent.

Mrs. James Baker of the Baker House, Wheelersburg, backed her automobile over the curb and into the watering trough on Harrisonville avenue and Gallia street Monday evening and damaged the steering apparatus.

"Pete" Frank Hall, clerk at Mayor Davis' grocery has been appointed extra deputy marshal. A third officer is always put on from April 1st to October 1st.

Members of the O. U. A. M. met Monday evening in weekly session. A social will be held by the order on Saturday, April 15. The lodge has received notice that the local camp has a special dispensation for ninety days during which time an effort will be made to increase the membership to 200.

Members of Company K, United Form Rank W. O. W. will give a social in Davis hall on Ohio avenue, Saturday evening, April 8th. Oysters, ice cream and cake will be served. After the serving of refreshments all will take part in the social games. All are invited. Tickets have been placed on sale.

A number of complaints are being made about the gas street lights. The lights have not been kept up in the last few months, a number of mantels being broken and the "lead pipes" stopped up. Class No. 8 of the Christian church have placed tickets on sale for a moonlight boat excursion they will give on the ferryboat Peerless on Saturday, April 22. Each class is having a special feature of some kind to raise money for the building fund.

Work on the Christian church is progressing nicely. The shingle roof is being put on. The stone coping will be placed on the walls in a few days and the cement steps built.

Tickets for the hay ride to be given Saturday night by Class No. 4 of the Christian church are selling rapidly and judging from the ready sale several wagons will be needed.

Miss Dora Kinker of South Webster, arrived Tuesday to spend a few days with her uncle and aunt, Mr. and Mrs. William Canter of Gallia street.

Albert Dattel has taken a job as clerk in Mayor J. S. Davis' grocery on Ohio avenue. The W. O. W. Lodge will meet in regular session Thursday evening. The local degree team will join the city W. O. W. degree team in their trip to Columbus on July 23rd when a large class of candidates will be initiated at a state-wide meeting.

NEW BOSTON COUNCIL

Council met in regular session Monday evening with Member W. T. Harr the only absentee. President Pro Tem James Hurley presided in the absence of Mayor J. S. Davis.

Bills amounting to \$830.65 were allowed. Oscar Coburn, chairman of the street committee, reported that at a meeting held with the Peebles Realty company no change was made in the grade of Gallia street through Peebles addition. Council wants to change the grade as the cut first proposed will likely cause the hill to slip. The realty company wants the grade to stand as first established. Member Coburn also reported that he had taken up with Francis Anderson the matter of cutting part of his front yard and the building of a retaining wall in order to straighten out the north curb line of Gallia street opposite the town hall. Mr. Anderson is to have a contract drawn up which he will present to council. Mr. Coburn also reported "nothing doing" on the Millbrook lake question on account of the illness of L. D. York.

The matter of making a fill in front of the Ira Fennor property on Gallia street and the investigation of the building of a sewer across the front of his lot was referred to the street committee.

MAY GET FRANCHISE

Capt. James P. Brennan who has returned from Greenup, Ky., reports prospects bright for him and his partner, Maurice Biggs, securing a ferry franchise between New Boston and Tygart. Opposing them are Attorney E. E. Fuller and Forrest King who are seeking a franchise at Fullerton. Another hearing of Capt. Brennan's application will be held some time this month.

SCOTT SUPERINTENDENT OF ADAMS CO. SCHOOLS

Seventeen members of Adams county school boards met at West Union Monday afternoon to vote on the election of a county school superintendent. Dyas Scott was elected. When a motion for a vote on Scott was asked, seven walked out, the remaining ten casting their votes for Scott who was later issued a certificate by the school board. Chris Ryan, who was elected sometime ago, was refused a certificate. The factional fight which has been raging between members of the Adams county school boards since Ryan was refused a certificate was brought to a close by the election of Scott.

To Be Shown At Exhibit

Tonight the pictures of Dubby Albert Barber, Portsmouth's first 1916 baby and the presentation of presents to the baby and his parents will be shown at the Exhibit theatre on Gallia street in connection with the regular program.

James Dumeau, who has been critically ill at his home on Front street with pneumonia for several weeks, was reported better Tuesday.

Miss Grace E. Gynan, of Timonville avenue, who underwent a surgical operation at Hopwood hospital Monday, is reported better.

Mrs. Minnie Doerr Is Badly Burned

Mrs. Minnie Doerr, wife of John E. Doerr, of the cigar manufacturing firm of John M. Doerr & Son, was badly burned about the face in a gas stove explosion at their home, No. 1530 Sixth street, shortly before noon Tuesday.

Mrs. Doerr was roasting some food for dinner and had one of the oven burners turned on and when she turned on a second burner naturally expected it to ignite from the other. Later when she opened the oven door there was a loud report followed by flames shooting into her face. A physician was called to attend her. Fortunately her eyes escaped injury.

LOST 5 YEARS FROM HIS LIFE

Remarkable Story Is Told By
Ohio Man Who Has Been
Restored by Tanlac

"I have been able to work only about six months each year for the past ten years.

"But I haven't lost a day's work since I began to take Tanlac."

This is the statement of David R. Case, of Mt. Healthy, Ohio, near Cincinnati.

These two short sentences contain as high a tribute as can be paid to a medicine. Tanlac is literally putting money into David R. Case's pocket every day. He can count its value to him in dollars and cents.

"Six months a year for ten years." To the average man this means thousands of dollars. It may mean the difference between want and plenty. It means five years out of a man's life.

Mr. Case's story will strike home to thousands.

"I suffered from a stomach trouble so serious that I could not work more than six months out of a year for the past ten years," he said. "There would be dull, constant pains in my stomach and shooting pains in my breast, back and arms."

"Everything I ate seemed to disagree with me. I discontinued drinking coffee for a year, but that made no difference in my condition. I simply could not get anything that benefited me."

"I saw the remarkable praise Tanlac was winning, and more in desperation than anything else, I decided to try it. I believe that I would be shirking a real duty if I failed to tell my story, remarkable as it may seem."

"I have now used two bottles of Tanlac. My appetite has returned, and I sleep well. The pains are rare now, and, best of all, I can work all the time. I feel stronger than I have in years."

"Tanolac has done wonders for me. It has doubled my income."

It is human nature for Mr. Case to believe that he is the exception and not the rule, but his story really is not a great deal different from the statements of many thousands.

There is no remedy that acts as favorably on ailments of the stomach, liver and kidneys and on catarrhal affections as does Tanlac, which is now being introduced in Portsmouth at The Fish-er & Streich Pharmacy.

Tanolac may be obtained in the following nearby towns: New Boston, E. H. Coburn; Sciotoville, Sciotoville Pharmacy; Bloom- switch, H. J. Gleim; Scioto, Stock- ham & Payne; McDermott, Ord Thompson; Lucasville, Dr. J. H. Cox; Stockdale, O. E. Emory & Co.; Jasper, J. W. Dewey; Pike- ton, R. B. Motion Pictures of the Fearful
New York Central Wreck At
Amherst, O., and Other Rail-
road Pictures At Columbia
Tomorrow

Manager Tynes announces that he has secured motion pictures of the fearful wreck of last week on the New York Central railroad at Amherst, Ohio, in which three of their finest passenger trains, including the famous Twenty Century Limited, were all piled up in fearful collision, resulting in the loss of more than thirty lives and the injury of scores of other persons. This picture will be shown at the Columbia tomorrow in connection with chapter 13 of "The Girl and the Game," that thrilling railroad story featuring the fearless Helen Holmes.

Then listen: In addition to these two pictures you will also see another additional reel showing the electrification of the Chicago, Milwaukee and St. Paul railway. You will see how easily these mammoth electric motors haul the big, heavy trains (both friend and passenger) over the steep grades of the Continental Divide and the Cascade mountains. Also many beautiful and interesting views of wild mountain scenery along the line of one of America's greatest trans-continental railway systems.

Don't overlook this big, interesting 10 cent picture attraction at the popular Columbia tomorrow and come in the afternoon, if possible, to avoid the big rush in the evening.

Anna Held In "Madame La Presi-
dente" At The Lyric Tonight

The look of mischief that lies in the eyes of Anna Held— as bursting through a halo of roses she enters the film feature "Madame La Presidente," produced by the Oliver Morosco Photoplay Co.—is the personification of the spirit of this picture. The picture bubbles over with laughter and the joy of living.

The domestic tangle that happens to an unsuspecting white haired judge affords this superbly talented comedy star, the chance to provoke a riot of laughter.

Starting to get revenge upon the judge, in wounded pride, Anna Held herself is entangled in the meshes of the handsome young minister of justice and is finally captured.

"Madame La Presidente" is one of the real artistic picture offerings of the year and you will certainly enjoy every inch of it if you get to the Lyric tonight.

RUSSIA PROTESTS

Petrograd, April 4.—(Via London).—The following is the text of the formal note which the Russian government has sent to all the neutral governments, protesting against the destruction of the Russian hospital ship Portugal:

"The Russian hospital ship Portugal with a Franco-Russian crew, and a proper sanitary staff on board, was cruising in the Black Sea, its destination being Ofof. On March 30, at 8:30 o'clock in the morning, the ship stopped off Cape Fatieh in order to permit one of the vessels accompanying her to pump out water which was hindering progress. At this moment a submarine approached and suddenly fired two torpedoes from a distance of about 50 meters."

"One of the torpedoes missed but the other exploded in the engine room of the vessel, which sank at once. A Russian torpedo boat, which happened to be in the neighborhood, was able to save 158 passengers out of the 273 aboard. All the others, including fourteen ladies of the Red Cross, fifty doctors and male and female nurses, perished."

"The Portugal bore all the distinctive signs prescribed by the agreement which was signed at The Hague in 1908 and which applied to naval warfare, the principles of the Geneva convention. An exchange of notes between the Russian, Turkish and the Bulgarian governments accepting this principle, guaranteed similar immunities to hospital ships in the Black Sea."

"The circumstances under which this attack was made exclude all possibility of a mistake having been made by the submarine. It was a deliberate attack. "The Imperial government formally protests to the governments with which it is at war against this new violation of the terms of war and against persistent contempt for conventions and treaties. The government sees in this crime, not only a flagrant infraction of international law, but a common act of piracy, of which it makes the civilized world the judge."

TAKE FRENCH POSITIONS

Berlin, April 4.—(Via London).—Strong French positions southwest of Douaumont and in the Gaillette wood, northeast of Verdun, have been taken by German troops, the war office announced today.

Recapture by the British of a mine crater at St. Eloi, south of Ypres, which the Germans have been occupying is also recorded in the official report.

for Torreón, in the neighborhood of which city he will find Canuto Reyes, one of his most trusted lieutenants. Reyes has successfully evaded the Carranza forces for several months. He has ravaged North Durango and is believed to have several hundred men in his command, with many smaller guerrilla bodies operating in conjunction with him. If Villa can effect a junction with Reyes sufficiently in advance of his pursuers to attempt a concentration of the bandits, it is said that he can muster two thousand men.

Washington, April 4.—All doubt on the part of administration officials as to the loyalty of Colonel Cano, one of General Carranza's commanders, appears today to have been removed as the result of official advice to the war department, saying that troops under Cano clashed with the Villa forces on the same day that the American cavalry scattered the main bandit column at Guerrero.

El Paso, Texas, April 4.—While Mexican bullets have not taken the life of a single soldier in the American expeditionary forces and have only wounded four, the Mexican climate has been more inconsiderate.

In the neighborhood of 150 sick American troops have been brought back from the front, suffering from various ills due to the climatic conditions of the Sierra Madre. Eighteen arrived yesterday. To date two have died, Lieutenant Joseph W. Alliston and a private, Jesse P. Taylor, both of the Thirtieth cavalry.

El Paso, Texas, April 4.—Private James T. Wakely, of Troop K, 13th Cavalry, died at the Fort Bliss Hospital today, bringing the deaths among the expeditionary forces up to three.

U. S. HOLDS ANSWER ON MAIL SEIZURE

Washington, D. C., April 4.—With the reply of the entire allies to the protest of the United States against mail seizures before them, administration officials today were considering what, if any, further steps shall be taken in the controversy.

While asserting the allies' contention to continue searching Parcel Post packages for contraband, "Concealed under postal folders," the note declares that no legitimate letter mail had been confiscated, nor any treaty rights violated.

MAY TAX

(Continued From Page One)

Kenna proposed putting a tax on amusements including theatres, moving picture establishments, foot ball matches and horse races. The tax on these would be graduated according to the charge for admission.

An additional half-penny tax on sugar was proposed in Chancellor of the Exchequer McKenna's budget. This, it was calculated, would produce a revenue of 7,000,000 pounds.

When the house of commons met there was a full attendance of members and the galleries were well filled, chiefly by business men who had an interest in the new taxation proposal.

Despite the fact that the new taxation will make the annual bill of the people of Great Britain the largest in the history of the country and there is in plain view a national debt of 3,500,000,000 pounds with a debt charge which is double the annual expenditure and taxation for a generation, the general public took but little interest in the occasion.

"The actual deficit on the year," continued the chancellor, "was 1,222,000,000 pounds, while the debt on March 31 was 2,140,000,000 pounds as compared with a debt of 641,000,000 pounds before the war but that was not a debt would debt," he added, "as 1,222,000,000 pounds had been lent to allies. That was on the debit side."

On the credit side was increased.

Columbus, N. M., April 4.—Army men here are satisfied, despite rumors to the contrary, that Francisco Villa has not been captured by Colonel George A. Dodd's cavalrymen, who for almost a week have been threatening their way through mountain passes of the Guerrero district in an attempt to discover the whereabouts of the bandit chieftain. There is no doubt, it was asserted, that should American troops capture Villa, who was last reported fleeing in a Mexican coach through the Bosque de la Sierra Tarahumara, an army scout would be sent immediately to field headquarters at Colonia Dublan with dispatches containing the news.

Latest reports from the front indicated that every pass in the mountains, every canyon and every means of escape over the rocky slopes was being guarded by the cavalrymen, assisted by a detachment of mountain infantry, especially fitted for the work as a result of observations of field service of the Alpine troops of the European forces.

As the army motor trucks penetrate farther into the interior of Mexico, they are objects of increased wonder to the natives, most of whom have never seen a gasoline propelled vehicle. Truck men returning today from along the American line of communication reported that in the streets of Nampulapa, Las Cruces, El Valle and some of the smaller towns along the route, people stood in amazement as the huge trucks whirled through the district. It was some time before some of the more ignorant natives could be induced to approach the machines and examine them at close range.

El Paso, Texas, April 4.—Reports received here today from Mexican sources support the story brought from the interior by a Mexican, to the effect that Villa, with a few of his most trusted followers, was far to the south of Sateron, and not near Parilla.

There is little question any longer on the border that Villa is heading

RELIABLE REMEDY RESTORES KIDNEYS

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-root, the great kidney, liver and bladder remedy.

It is a physician's prescription. Swamp-root is a strengthening medicine. Dr. Kilmer used it for years in his private practice. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-root has stood the test of years. It is sold by all druggists on its merit and will help you. No other remedy can successfully take its place. Be sure to get Swamp-root and start treatment at once.

ed yield by new taxation which gave the nation's creditors full assurance that they were properly secured.

The total new taxation for Great Britain would amount to nearly 65,000,000 pounds, Chancellor of the Exchequer McKenna announced in his budget speech in the house of commons.

The tax of one penny a railroad ticket was announced.

ENGLAND RESPONDS WITH A REFUSAL

Washington, April 4.—Great Britain's refusal to release the 38 Germans, Austrians and Turks taken from the American steamer China near Shanghai, was received today at the state department and will be given out for publication later.

The British note is understood to insist on the right of that government to seize enemy subjects returning to take part in the war. This, it is understood, the United States is prepared to vigorously dispute. The intention of the state department is to demand the unconditional release of the prisoners according to many precedents.

WANT TO SAVE ZEPPELIN

London, April 4.—The British aeronautical institute has asked the government's permission to undertake at its own expense, the salvage of the Zeppelin L-15. The Zeppelin can be rebuilt and launched against the enemy within three months, they believe.

Little Miss Sarah Louise Walker is recovering from illness with tonalitis.

CARDINAL SEES IN BELGIAN SACRIFICES A NOBLE CONQUEST

London, April 4.—Cardinal Mercier's pastoral letter which evoked a remonstrance from Governor General Von Bissing last month has just been received here.

In his letter the Cardinal describes the acclamations with which the mention of Belgium was received everywhere on his journey. He says:

"Let us even suppose that the finish or the issue of the gigantic duel now being fought in Europe and in Asia Minor had been uncertain one fact is already established in civilization and history—the moral triumph of Belgium. In accord with our King and government you have made immense sacrifices for your country. People abroad understand your spirit of sacrifice. Is not that a conquest, my brethren—are you not the most glorious of conquerors?"

"I know that you weep; that the hearts of mothers and wives are broken; that lives are being lost on the banks of the Yser. The imprisonment of our nation on our own soil is sadly prolonged. You will admit I have never hidden my fears from you. The conviction, both natural and supernatural, of our final victory is more deeply than ever anchored in my soul."

"We shall win, but we are not yet at the end of our sufferings. France, Great Britain and Russia have pledged themselves to make no peace until Belgium has received her entire independence and been largely indemnified. Italy in turn has adhered to this pledge. Our future is not in doubt, but we must be prepared for it."

The pastoral letter concludes with an appeal to the people to trust in God and to continue incessant in prayer.

PTOMAIN POISONING

Shortly after eating walnuts Monday night Louise, little daughter of Mr. and Mrs. C. B. Book of 1618 Sixth street, was taken seriously ill with ptomaine poisoning. For several hours the victim was in a serious condition. Her condition was reported much better Tuesday.

Ritter And Bates Are Awarded Contract

Ritter and Bates, local architects were awarded the contract for the drawing of plans for an addition to the present Sciotoville high school building at a meeting of the Sciotoville board of education Monday night. A schedule of bills amounting to \$1100 was allowed.

Ritter and Bates started work on the plans Tuesday. The new addition will contain four grade rooms to seat 208 pupils, an auditorium with a seating capacity of 400, a study hall that will seat 100 high school pupils, domestic science and manual training rooms, teachers' rest rooms and three recitation rooms. The addition is to cost \$21,500.

Bonds were recently sold to the amount of \$25,000 to cover the cost of construction. The bonds are now before the Industrial Commission at Columbus. As soon as word is received from Columbus bids for the contract of construction will be advertised for.

MESSANGER BOY IN CONGRESS AT FORTY

George E. Hood.

George E. Hood, of Goldsboro, N. C., quit school early to earn a living as a telegraph messenger boy. Soon he learned the key and became an operator. He studied late at night and was admitted to the bar at the age of 31. In less than ten years he went to Washington to serve his first term as representative of the Third North Carolina district, after having been elected to several local offices. He is a Democrat.

GETS NEW QUARTERS

Thomas W. Fickling, who since the first of January has been located in the J. I. Marsh property next door to the Hotel Portsmouth, finds the quarters too cramped for his rapidly growing business and has rented the Pig Iron Corner, at Front and Jefferson streets.

Mr. George D. Selby, owner of the corner building, which was formerly the Lloyd-Adams shoe factory, will remodel and get the building in shape for the new tenant, who will occupy all three floors with his auto garage and general repair business. The larger structure will enable him to get better equipped all around for his business.

Well Known Remedy Relieves Chronic Case

Important to Dispose of Waste From the Stomach With Regularity

People frequently attribute to failure of the digestive organs conditions that are primarily due to inactive bowels, and apply remedies that from their very nature are more apt to aggravate than to relieve the disorder.

When the bowels act regularly the stomach is in better shape to perform its allotted tasks and can usually be depended upon. To keep the bowels in condition there is no more effective remedy than the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin, which is sold in drug stores for fifty cents a bottle.

Dr. Caldwell has prescribed this remedy in his practice for over a quarter of a century, and it is today the standard household remedy in thousands of homes. Mr. Thos. DeLoach, with the Department of the Interior, Office of Indian Affairs, at Washington, wrote Dr. Caldwell re-

cently that "Dr. Caldwell's Syrup Pepsin is the best laxative I have any knowledge of and the cleaning up guaranteed by its use relieves every organ."

A bottle of Dr. Caldwell's Syrup Pepsin should be on hand in every home for use when needed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

great success and will probably be successful in raising the required amount within a few days.

The Wesley Hall Mission was founded three years ago by Rev. J. E. Dibert and since then has been steadily increasing in its activities. Its great influence in distributing charity among the worthy poor has gained it the confidence of the citizens of Portsmouth.

Throughout the entire year, although more particularly in the winter, the Mission accomplishes hundreds of acts of real charity. Tickets for beds are sold for ten cents. Business men about the city have purchased bunches of these tickets and give them to men who apply for charity.

The Wesley Hall Mission Trustees recently purchased the three story building, 512 Second street, and will have the same remodeled to meet the demands of the organization.

Rev. Dibert will probably call upon you for a subscription within the next few days. A fund of \$5,000 will be required by the organization before the proposed improvements can be installed.

GROUND GRIPPER PRIZE

Dan Flannigan, manager of the Marting Brothers shoe department, was awarded the first prize in the district contest inaugurated by the Ground Gripper Shoe Company recently. The company divided the United States into districts, composed of cities having a population of 10,000 and under and from 10 to 20,000 and etc. Stores handling the Ground Gripper shoes were eligible to the contest. Mr. Flannigan succeeded in disposing of five more pairs than his nearest competitor for cities in the 30,000 district. He received a handsome gold pocket knife Tuesday as a prize.

WOMAN'S LABEL LEAGUE IS TO BE FORMED HERE

At the meeting of the Central Labor council Monday night preliminary steps for the formation of a Woman's Label League were taken and in the future this organization will devote much of its time to this league. Shoppers in the city will be asked to buy goods that bear the union label.

It was also announced at this meeting that the firemen of the city had organized for their mutual protection and that four members were obligated at last night's meeting.

The committee that will have charge of the Labor Day celebration reported last night that fine progress was being made and that the city would have one of the biggest celebrations of the kind it has ever had.

BIG BOWLING EVENT AT PLAY HOUSE THURSDAY

Charleston Team To Battle With Locals, Accommodations Fine

What is expected to be the biggest event of the season in the local bowling world will occur at the Play House Thursday evening of this week, when the Charleston team of ten pin artists will meet the best bats of the Peerless City in the first contest of a twelve-game series between Portsmouth, Huntington and Charleston for the inter-city championship.

Arrangements have been made for a monster crowd at the Play House. One hundred and fifty folding chairs will be secured and every one seated thereon will have an excellent view of the battle field. It has been decided to charge 15 cents admission, the money so raised going into the big expense fund of the locals. The two teams will bowl for expense money, the losers to pay the railroad fare of the winners. Incidentally the winners of the series will be presented with a beautiful silver loving cup, a trophy worth battling for.

The local team will be one of the strongest that ever stepped on an alley, so far as this city is concerned. It will be composed of seasoned campaigners—players who are hardened to cheers and jeers. W. N. Gableman has kindly donated the use of his alleys for practice from 7 to 8 p. m., and the local players are expected to be in prime condition for the game on Thursday evening.

The following line up will represent the Peerless City in the important series: F. W. Sheridan, Chris Malavazos, George Wilhelm, Byron Prediger and Clarence (Bud) Walters. The series have been heartily endorsed by the Masonic Bowling League and the members of this sterling organization will be out in full force to cheer for the locals. Two members of this organization, Messrs. Sheridan and Wilhelm will roll their heads off if necessary to uphold the reputation of the Masonic league.

One week ago Charleston and Huntington rolled on the latter's alleys and Huntington came off victors by a few pins, showing these two teams are pretty evenly matched. Charleston has a strong team, and a particular favorite of Portsmouth, "Ridley" Beers, rolls as another man on that team. "Ridley" has sent word that he will perform at the Play House, next Thursday, and no doubt many of his friends will be out to give him the glad hand even if they do root against him.

Should the locals keep up this clip they would, without a doubt, easily capture that silver trophy, a trophy they are going after with every ounce of their energy and skill.

Come out and root for Portsmouth—a cheer now and then is worth a whole lot. Make no engagements you can't break next Thursday, ye bowlers, but be at the alleys with good will and good lungs.

MANAGER FOR FRANKFORT

Frankfort has selected a manager, "Ducky" Holmes, of Michigan league fame, having held the managerial reins at Saginaw for three years, will take charge when the season opens. He is a competent man and will give the Kentucky Senators a run for their money.

More Rookies Are Arriving

One by one the rookies of Billy Doyle's baseball school are trooping in to the city to don their baseball spangles and exhibit their diamond prowess in picturesque Milbrook.

Don Douglas, McConnellville, O.; M. Morrison, of White Plains, Ky.; R. Wansumauer, of Greenville, Ill.; Ed

Cotton, of Jamaica, N. Y.; Luder Huff, of Crosby, Tenn. and T. Ertle, of Covington, Ky., arrived Monday afternoon and evening and they will get their first real workout today.

Doyle has 11 aspiring young ball players under his wing and he is watching over his brood with "mother-like" tenderness. He says all the boys this spring are going to be thoroughly tried out before the old pink slips, the bugaboo in training camps, are trotted out. "Many of these boys have come a long way to show their ability and I am going to try them out at several positions before passing final judgment on them," Doyle said last night.

Fans Grateful To Pete Childs

Long about this time of the year Pete Childs' thoughts must turn to Portsmouth. The veteran manager, who brought several pennants to Portsmouth, always rolled in about this time of the year and the fans were certainly glad to see him.

No matter where business pursuits may take Pete Childs he will always be remembered here for what he did for Portsmouth in a baseball way. Not many cities the size of Portsmouth can boast of attaining in the same league for nine years, and the fact that this statement is true is due in no small way to the successful methods so religiously employed by Pete Childs in elevating the game in Portsmouth.

Whatever changes he made were always for the betterment of the team. Sentiment never made for a fighting piece of baseball machinery. There may be better managers than Childs, but fans here will not believe it. Many contend that with the proper material the gray-haired leader would accomplish just as much up in that old big show as he did right here on Scioto county soil.

Uniforms Ordered

Huntington, April 4.—Orders were placed yesterday through the Sam and Dave Gideon agency of the A. C. Spalding company, sporting goods house, by Manager J. H. De Armound of the Huntington baseball team for two sets of uniforms in which the local tossers will appear when they celebrate the return of Huntington in the Ohio State league. It is evident that nothing which pertains to the time-worn name of "Blue Sox" will be seen when the frisky athletes appear.

The home suits will be summoned up about as follows:

Uniforms—White trimmed in black. Black letter "H" on left breast.

Hose—Black.

Caps—White, trimmed in black.

The road suits are as follows:

Uniforms—Grey and navy blue stripes. Word "Huntington" in large letters across front.

Hose—Black with grey stripes.

Caps—Grey trimmed in navy blue.

Smith Feeling Fine

Sheriff E. W. Smith received a letter from his son, Earl Smith, who is now stationed at the spring training camp of the Omaha Baseball Club, Nebraska. Monday, which stated that in all nineteen men had reported, of which three were outfielders. He says that all of the soreness which he experienced the first few days had disappeared and he was feeling great. He expects to have a good season.

Next week the Omaha team will play their first game at the Omaha fair grounds exhibition games.

WELSH VS. MITCHELL

Freddie Welsh will move west this week to engage in that long discussed match with Reddie Mitchell at Milwaukee Friday night.

ROOKIES PLAY FULLERTON

Scout Billy Doyle's Rookies will play the strong Fullerton, Ky. team at Milbrook Sunday. Fans will get their first peep at the Rookies and no doubt many will attend this game.

MILWAUKEE TEAM TO PLAY HERE

The Milwaukee American Association team will play here Tuesday and Wednesday, April 11 and 12. The Brewers will meet Billy Doyle's Rookies in Milwaukee Sunday.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woe, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, O. Office Phone 50.

Dear Miss Wise.—I am fourteen years old and am acquainted with a boy about my own age. I would like to have you advise me whether it is proper for me to speak to him on the street.

MABEL.

It is all right for you to recognize him, but you should not stand and talk.

Hamden, O.—Dear Dolly.—Will you please tell me if there is an orchestra in Portsmouth that does not use a piano, and oblige.

A HARMON READER.

There are quite a number of orchestras here, and as far as I know they all use a piano. However, I should think this could be dispensed with in case there was no piano available.

Dear Miss Wise.—What would a man have to be able to do to be called talented? How is my writing? What kind of fillings do you think best for front teeth, white or gold? Thanking you in advance.

B. A. D.

He should show very unusual ability in some one line, such as writing, music, or any of the fine arts. Your writing is fair. It is a matter of preference. Some people think that gold fillings are more durable. Personally, I prefer white fillings, because they do not show so much.

Dearest Dolly.—Is it proper to thank the giver of an engagement ring?

RECIPIENT.

Certainly. He would think his gift was far from appreciated if you did not. One should thank the donor of any gift no matter how small. It doesn't cost anything to be polite, you know.

Dear Miss Wise.—I have been reading your column for some time, and find it very interesting. Would you answer the following for me? If I have a bank account, could my husband go to the bank and find out that I have an account and how much there is in it? I don't want him to find out, as it is none of his business. I saved the money out of my allowance, and its mine, all mine.

MRS. R. M.

If the account is in your name alone the bank will give no information to any one but yourself about it.

Dear Miss Wise.—Can you tell me what will stop my hair from coming out? It started to come out about ten weeks ago. My scalp got very sore before it started to fall. Now I can get a big comb full every time I comb my hair. I never ruff my hair and very seldom curl it.

MAYBELLE.

Wash the hair in pure castile soap melted in hot water. Massage, after drying, with vaseline. Move the fingers from the wrists when loosening the scalp from the head. This is about the only way to stop the hair from falling. Dandruff is probably clogging and preventing the circulation of the blood. Use more massage than grease and do not allow the vaseline to spread over the hair, as it collects dust and makes the hair dull and soiled looking.

Dear Miss Wise.—What should a girl of eighteen wear for mourning?

SARAH.

I don't think a girl of eighteen should wear mourning. Some girls put it on with touches of white to relieve the severity—a black suit, white waist and a hat of black and white combined.

Dear Dolly.—I had an argument with a girl friend who plays cards and I want you to settle it. She says there is no more harm in playing cards than there is in playing tennis. I play tennis and she was aiming at me. People who play cards do not think anything of cheating in order to win the game. Am I right or wrong?

BLUE EYES.

I think you are wrong about the cheating. Card players as a rule do not cheat. After all it is not so much the game we play, but the spirit in which we play it, that makes it wrong. Just as much cheating can be done and as much time wasted in playing croquet as cards. Some people will hold up their hands in horror at the sight of a deck of cards, yet these same people can see no harm in chess, pool, rummy or 500. They all look alike to me.

Mrs. L. D. Allard and daughter, Miss Leonora Allard, will spend a few days this week in Cincinnati.

Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulled coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

PORKER CHOKES TO DEATH ON RAT

J. S. Violet, of Lucasville, is mourning the loss of one of his fattest and finest hogs, a post-mortem over which revealed a remarkable disclosure.

The hog had been choking

violently and it was decided to kill the porker and ascertain what was wrong. When cut open it was found that a full grown rat was lodged in the hog's throat, causing the choking. Whether the

rodent ran into the hog's mouth while it lay asleep or whether the hog simply gobbled up the rat are questions puzzling Mr. Violet and everybody about his farm place.

PEERLESS LODGE K. OF P. ORGANIZED LAST NIGHT

Portsmouth now has three Knights of Pythias lodges, a new one, to be known as Peerless Lodge Knights of Pythias, was organized at an enthusiastic meeting held Monday night in Brady's hall, in the East End. County Deputy Edward Bremer presided.

Enough members were present to secure a charter, and all details of the new lodge will be worked out and it will probably receive its number at a meeting to be held Thursday, April 13, it was stated Tuesday by James Biles, who was instrumental in the formation of this new lodge.

Officers elected for Peerless Lodge Knights of Pythias Monday night were as follows:

Past Chancellor, James Biles, E. N. Brady, Charles Jackson and F. H. Lawson.

Chancellor Commander, Thomas McCarty.

Vice-Chancellor, Roy Brady.

Prelate, William Haynes.

Master of Work, Frank Geiger.

Keeper of Record and Seals, Ralph Brady.

Master of Finance, E. N. Brady.

Master of Exchequer, Hayden McCarty.

Master-at-Arms, Ed Knost.

THE NEWEST REMEDY FOR BACKACHE, RHEUMATISM AND DROPSY

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headache, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. Write Dr. Pierce at once, send 10 cents for large trial package, or 50 cents for full treatment of "Anuria" or ask your druggist for it.

This is a good time to take "Anuria," the new discovery of Dr. Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and Insurance Companies examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination—this is done by expert chemists of the Medical you wish to know your condition send a sample of your water to Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and sent to Doctor Pierce or his Staff of Assistants. AUTOS COLLIDED ON SCIOTO TRAIL

Two automobiles were damaged Monday night near Davis station, when P. E. Roush, driving his Ford touring car, and Clarence Steahly driving his Buick touring car had a collision. None of the occupants of the cars was injured.

Mr. Roush and Louis Miller were driving south on Scioto Trail after a trip to Lucasville, and as they neared Davis Station, they met Clarence Steahly's machine going towards Lucasville, and a collision resulted.

Mr. Roush claims that the headlights of the Steahly car blinded him so that he could not see to drive.

Roush's Ford car was badly damaged by the impact. The radiator was broken, the front wheels were dished and the front axle was bent. The Steahly car escaped with a badly bent radiator, bent fenders, broken lamps and several dents in the body.

Mr. Steahly was able to drive his machine back to the city, but Mr. Roush was compelled to call the Universal Motor Car Company for aid. The wrecked car was towed in Tuesday morning for repairs.

This is the first automobile accident of the season on the Scioto Trail and emphasizes the necessity for drivers of cars to exercise the greatest caution in passing.

River Going Down, Drops Ten Feet; Towpath Is Open

The Ohio river, which has been going down very slowly since it became stationary last Friday morning, began falling at a more rapid rate Monday night.

Tuesday morning, at 7 o'clock, the river had dropped to 43.7 feet, which lacked five-tenths of making a 10 ft. drop since it commenced receding. The water left the towpath during the night and travel over the road was general early Tuesday morning. The road proved to be in comparatively good shape.

There was no mud to speak of, and the only condition on which there could possibly be any complaint was that the smooth surface had disappeared, due to the packing washing away and leaving the stones in a rough state. The rainfall here Monday night was .04. Packet departing as follows: Klondike down for Rome at 2 p. m.; Tacoma up for Pomeroy at 2 p. m.; Greyhound for Huntington at 3 p. m.

SOLOMON HUGHES SUFFERS STROKE

Friends of Solomon Hughes, for years a well known citizen of this city, will regret to learn that he has suffered a paralytic stroke, his left side being affected. His condition however, was reported improved Tuesday by his physician, Dr. Carl G. Braunlin.

Mr. Hughes, it will be recalled, was badly injured in a runaway accident several weeks ago and it is thought that the shock of this accident superinduced a stroke of paralysis.

BARBER IS WEDDED

Carl Bell, well-known young colored barber in the employ of William Cornute, was united in marriage at eight o'clock Monday night to Miss Inez C. Powell, at their already furnished home, 1214 Union street. Rev. W. P. Chapman, pastor of Pleasant Green Baptist church, performed the wedding ceremony. The groom came to this city about one year ago from Ironton. The couple have their home nicely furnished and are ready to receive their many friends.

COMPLIMENT TEACHER

Frost, Ky., April 3.

One of the most successful terms of school that Mr. Zion has had for several years has been closed here.

Our teacher, Miss Olive Davis, of Fullerton, is one of the finest teachers Greenup county has today and we certainly do appreciate what she has done for the children of this district during the past months she has been with us, and I think the whole community will join in in thanking her for the interest taken and the hard work that she has done for the welfare of all the children. We should all have been proud to have Miss Olive come back to us for another term this fall but as we are so unfortunate as to not secure her service we wish her success in all that she may undertake to do in the future.

A PATRON OF THE SCHOOL.

Bike Is Stolen

L. G. Welch, manager of the Strand theatre, had his Tribune bicycle stolen about 10:30 o'clock Monday night. While Mr. Welch was in the express office near the N. & W. depot a thief decamped with the wheel which had been left standing against the door to the express office. The wheel had a new red tire with a brass plug and new left pedal.

True Secret of Keeping Youthful Looking

(The Beauty Secret.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these organs, poisons waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sorrowful face."

"But to get liver and bowels working as they ought, without producing unpleasant effects has been the problem. Fortunately, there is a prescription of unqualified merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the bark of the real calumet of medicinal origin. There is no habit-forming constituent in 'Santalax' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Santalax tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

The Constipation Curse

Constipation—clogged bowels cause pain and sickness; 95 per cent of our ills, say the authorities.

Santalax Laxatives bring quick relief. All vegetable—contain no calomel. Ten doses for a dime at any druggists. Physician's sample free, upon request, if you mention this advertisement. The Santalax Remedies Co., Inc., 800 Madison Ave., Covington, Ky.

Bicycle Thieves Again At Work

Bicycle thieves are again operating with a bold hand over town and police believe that there is an organized band of them.

Reports are received daily about wheels being stolen, the latest to report such a theft being Clarence (Doc) Garrison, a barber of Second and Madison streets. Doc had gone to the Schuler hotel Monday afternoon to pay his rent, and when he emerged from the building a few minutes later he found his black-framed Duplex bicycle had disappeared. Thinking at first that he had been made the victim of a joke, he made a search in the neighborhood, without result, then went to police headquarters and reported the facts.

Running down bicycle thieves and recovering stolen wheels are among the most difficult propositions the police are confronted with. It is an easy matter to remove nameplates, repaint the frames, or make a shift of parts as to render bicycles absolutely unrecognizable by their owners.

THE CAREER OF GENERAL PERSHING

The American Review of Reviews for April gives a comprehensive review of the army career of General Pershing, commander in chief of the expedition sent after Villa, that shows the peculiar qualifications possessed by him for the work in hand. An abstract of the article, "Pershing On The Trail", is appended and will be found of interest:

"As long ago as 1897 General Miles, one of that group of Indian fighters and plainsmen whose valor gave distinction, if not glory, to our little army in the years succeeding the Civil War, thought it worth while to command officially a young lieutenant of the Sixth Cavalry for 'marching his troop, with pack train, over rough country, 140 miles in forty-six hours, bringing in every animal and man in good condition.'"

The young officer—he was a second lieutenant, only one year out of West Point—was John J. Pershing, a native of Missouri, who had come out the year before, just in time to join the operations that resulted in the rounding up of Geronimo, the famous Apache chief whose depredations and treachery had engaged the attention of Generals Crook and Miles for a period of two years and had severely strained the resources of the entire United States Army as it was at that time organized.

It will be recalled that the wily Indian who defied the United States Government so successfully for so long a period had to be pursued into Mexico over some of the same ground now being traversed by the American expeditionary force in search of Villa, before he could be captured. A similarity at once suggests itself between the operations of 1916 in that forbidding land and those of 1885-87. In each instance the renegades were supplied with arms and munitions of American make, were thoroughly familiar with the mountainous country in which they took refuge, were ready to stop at no act of cold-blooded atrocity to accomplish their immediate purpose, and were animated by consuming hatred of their pursuers, tinged possibly by a strain of contempt.

"On March 15, 1916, General Pershing, at the head of a cavalry column far more imposing than that which he had commanded, as a lieutenant, twenty-nine years before, rode across the international boundary into Mexico and within forty-two marching hours, despite the lack of water and the roughness of the country, covered 110 miles. For so large a body of mounted men, this average advance of thirty-three miles a day compares not unfavorably with the record made by the same officer in 1887. The vim and dash that then won praise for the young subaltern now command, in the seasoned general, the whole country's admiration.

"General Pershing spent ten years in the Southwest, and that period of service, even if he had no further training as a soldier, gave him precisely the equipment and seasoning required for the work that has now been committed to him. That decade of soldiering included, in addition to the pacification of the Apaches, the adjustment of difficulties between the whites and hostile Zuni in Arizona, and participation in the last Indian campaign that our army has been called upon to make—that against the Sioux in 1890-91. All in all, when Pershing was ordered east in 1896, he had seen about every form of active service that was possible at that period for any officer of our army.

"The brief Santiago campaign in the war with Spain meant little to Pershing save that it gave him his chance as an officer in the Tenth Cavalry (colored troops) to display a coolness and bravery under fire which his colonel, a veteran of the Civil War, said he had never seen equaled. He was promoted for gallantry at the battle of El Caney.

"Like Lawton and others of our army officers who had served an apprenticeship at Indian fighting in the Southwest, Pershing was sent to the Philippines to help reduce the insurgent native population to a state of order. The magnitude of this task has never been appreciated in the United States.

"One of the most difficult of all the tasks required of our army in the Philippines was the subjugation of the hostile Moros in the island of Mindanao. The performance of this unpleasant duty fell to Captain Pershing. The raids of the warlike Moro tribes on the coast towns of the island were checked by Pershing's brilliant victory in the fight at Bayan, but the Sultan of Bacolod remained obdurate, and the various strongholds of this tribe had to be demolished before obedience could be secured. After forty of these forts had been destroyed, with a loss of only two American lives, the subjugation of Mindanao was completed and Pershing became the military governor.

"Strange as it may seem, the American commander's reso-

—NEWS ITEM

lute performance of his duty, his strict fulfillment of every pledge, and his carrying out of every threat, won for him the affection of these rude people whom for three hundred years the Spaniards had failed to conquer or to rule. They formally elected Captain Pershing a Datto of the tribe, conferring on him the power of life and death, so that he is today perhaps the only American army officer entitled to serve as a Mohammedan judge.

"In 1906 President Roosevelt promoted Pershing from Captain to Brigadier-General over 862 other officers. Although this is said to be a record 'jump' in the history of army promotions, it may well be regarded as having been not only merited but actually earned by General Pershing's brilliant and complete success in the accomplishment of most difficult and arduous work in the routine of his profession. At the age of fifty-six, after thirty years of service in the army (most of those years actually in the field), it may be said that no American officer is better entitled to high command and none more worthy of the nation's confidence as regards the special duty to which he has been assigned, than John J. Pershing."

American exports for February reached a total of \$409,836,525 according to an announcement made today by the Bureau of Foreign and Domestic Commerce, of the Department of Commerce. This is the highest point ever reached by the export trade in this country and exceeds the high mark for December, 1915, by \$50,000,000. It exceeds the total for January by \$83,000,000. The decline in January had been taken in some quarters to mean that the record figure for December had marked the high tide in the flow of American exports. The total exports for the first eight months of the fiscal year 1916, are \$2,586,301,570 and it now seems probable that the exports for the whole fiscal year will reach \$4,000,000,000.

February imports also set a new high record, being valued at \$193,935,117, which is about \$10,000,000 more than in January, and much above the total for any earlier February. Over two-thirds of the month's imports entered free of duty.

There will be two or three hundred more automobiles in operation in Portsmouth this season than last. That means more danger to life and limb unless great care is exercised by car drivers and by pedestrians. One important thing is for parents to begin early to warn children of the dangers that come from playing in the street and more particularly from suddenly darting into the street. Ninety-five per cent of street accidents come from persons going into the street without first looking to see if the street is clear.

Sometimes we almost think that there are some things about this administration that don't entirely suit Mr. Roosevelt.—Boston Transcript.

NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, April 4.—The grills, the dancants and the lobster halls have been ringing with gossip about Dr. Arthur Warren Waite murders for the past week. Dr. Waite was well known along Broadway, but not as a Jewish spender. Rather was he known as a young blood with a large income who did not smoke, drink or swear.

The dual personality plea has inspired a Gramercy Park playwright to write a play called "The Man From Egypt," which he finished in three days—but hasn't as yet sold. The ways of crime are not easily understood. It appears that while the Grand Rapids dentist had little respect for many of the conventional laws, he never cheated at lawn tennis, his favorite outdoor sport. Murder, it seems, was his favorite indoor sport.

A Park Row newspaperman recalls a particularly hard match Dr. Waite had recently with Igo Hartmann. Hartmann sent a ball outside, but Dr. Waite played it, and when the umpire asked Waite whether the ball wasn't outside—Waite had lost the point—he said he thought it had never been good and played it as such.

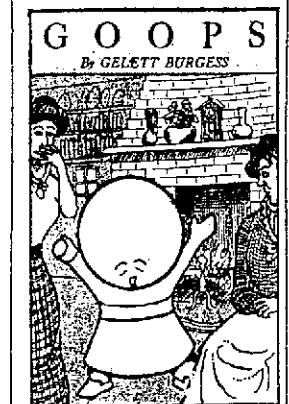

The news is zipping up and down the theatrical district that a huge moving picture trust is now in the process of formation—a gigantic combine that will undo anything else ever attempted.

The man who is attempting to bring about a merger of extensive motion picture corporations is Benjamin B. Hampton, former magazine editor and now vice-president of the American Tobacco Company. Hampton is known as a man who does things, and the fact that he is the guiding genius of the project forecasts a big stir in the moving picture world.

The American Tobacco Company is not involved in the transaction, and Mr. Hampton is representing merely himself. Besieged by reporters, Mr. Hampton has absolutely refused to comment on reports that Mary Pickford and Charlie Chaplin had been obtained by the combina-

BIG BOWLING EVENT AT PLAY HOUSE THURSDAY

Charleston Team To Battle With Locals, Accommodations Fine

What is expected to be the biggest event of the season in the local bowling world will occur at the Play House Thursday evening of this week when the Charleston team of ten pin artists will meet the best bats of the Peerless City in the first contest of a twelve-game series between Portsmouth, Huntington and Charleston for the inter-city championship.

Arrangements have been made for a monster crowd at the Play House. One hundred and fifty folding chairs will be placed on the floor and the entire floor will have an excellent view of the battle. It has been decided to charge 10 cents admission, the money to be raised going into the big expense fund of the league.

The two teams will bowl for expense money, the losers to pay the railroad fare of the winners. Incidentally, the winners of the series will be presented with a beautiful silver loving cup, a trophy worth battling for.

The local team will be one of the strongest that ever stepped on an alley, so far as this city is concerned. It will be composed of seasoned campaigners—players who are hardened to the game and have a keen knowledge of the game. The following line up will represent the Peerless City in the important series: F. W. Sheridan, Chris Malavazos, George Wilhelm, Byron Prediger and Clarence (Bud) Walters. The series have been heartily endorsed by the Masonic Bowling League and the members of this sterling organization will be out in full force to cheer for the locals. Two members of this organization, Messrs. Sheridan and Wilhelm will fill their heads off in the struggle to uphold the reputation of the Masonic league.

One week ago Charleston and Huntington rolled on the latter's alleys and Huntington came off victors by a few pins, showing these two teams are pretty evenly matched. Charleston has a strong team, and a particular favorite of Portsmouth, "Biddy" Beck, has an anchor man on that team. "Biddy" has sent word that he will perform at the Play House next Thursday, and no doubt many of his friends will be out to give him the glad hand even if they do root against him.

More Rookies Are Arriving

One by one the rookies of Billy Doyle's baseball school are trooping into the city to don their baseball spurs and exhibit their diamond prowess in picturesque Millbrook.

Don Dougan, McConnellsville, O.; M. Morrison, of White Plains, Ky.; H. Wankumanger, of Greenville, Ill.; Ed

Cotton, of Jamaica, N. Y.; Luder Hoff, of Crosby, Tenn.; and T. Britte, of Covington, Ky., arrived Monday afternoon and evening and they will get their first real workout today.

Doyle has 11 aspiring young ball players under his wing and he is watching over his brood with a "mother-like" tenderness. He says all the boys this spring are going to be thoroughly tried out before the old pink slips, the bugaboo in training camps, are trotted out.

Many of these boys have come a long ways to show their ability and I am going to try them out at several positions before passing final judgment on them," Doyle said last night.

Fans Grateful To Pete Childs

Long about this time of the year Pete Childs' thoughts must turn to Portsmouth in a baseball way. Not many cities the size of Portsmouth can boast of sticking in the same league for nine years, and the fact that this statement is true is due in no small way to the successful methods so religiously employed by Pete Childs in elevating the game in Portsmouth.

May take Pete Childs he will always be remembered here for what he did for Portsmouth in a baseball way. Not many cities the size of Portsmouth can boast of sticking in the same league for nine years, and the fact that this statement is true is due in no small way to the successful methods so religiously employed by Pete Childs in elevating the game in Portsmouth.

Whichever changes he made were all ways for the betterment of the team. Sentiment never made for a fighting piece of baseball machinery. There may be better managers than Childs, but fans here will not believe it. Many contend that with the proper material the gray-haired leader would accomplish just as much up in that old big show as he did right here on Seaside county soil.

Uniforms Ordered

Huntington, April 4.—Orders were placed yesterday through the Sam and Dave Gideon agency of the A. G. Spalding company, sporting goods house, by Manager J. H. De Arrand of the Huntington baseball team for two sets of uniforms in which the local losers will appear when they celebrate the return of Huntington in the Ohio State league.

If it is evident that nothing quite pertains to the time-worn name of "Blue Sox" will be seen when the frisky athletes appear.

The home suits will be summoned up about as follows:
Uniforms—White trimmed in black. Black letter "H" on left breast.
Caps—Black, trimmed in black.
The road suits are as follows:
Uniforms—Gray and navy blue stripes. Word "Huntington" in large letters across front.
Hose—Black with gray stripes.
Caps—Gray trimmed in navy blue.

Smith Feeling Fine

Sheriff E. W. Smith received a letter from his son, Earl Smith, who is now stationed at the spring training camp of the Omaha Baseball Club, Beatrice, Neb., Monday, which stated that in all nineteen men had reported, of which three were outfielders. He says that all

of the soreness which he experienced the first few days had disappeared and he was feeling great. He expects to have a good season.
Next week the Omaha team will start back home and enroute will play several exhibition games.

WELSH VS. MITCHELL

Freddie Welsh will move west this week to engage in the long discussed match with Richie Mitchell at Milwaukee Friday night.

ROOKIES PLAY FULLERTON

Scout Billy Doyle's Rookies will play the strong Fullerton, Ky., team at Millbrook Sunday. Fans will get their first peep at the Rookies and no doubt many will attend this game.

MILWAUKEE TEAM TO PLAY HERE

The Milwaukee American Association team will play here Tuesday and Wednesday, April 11 and 12. The Brewers will meet Billy Doyle's Rookies in Millbrook and with favorable weather the game should draw splendidly.

Harry Clark, manager of the Brewers broke into baseball the same year as Billy Doyle did, back in 1903. They were members of the Dallas, Tex., team that year and were roommates.

Jim Thorpe, said to be the greatest all around athlete in the world, is now a Brewer and local fans will get to see him in action here next week. Jay

PUNCHES SWAPPED BY TWO OF HERZOG CREW

In commenting upon the fight between Reddick recently staged in Memphis a New York sport writer said:

The heads pounded two separate and distinct battles, one with the Yanks and one between two of their players, Tommy and Neale, took punches at each other in right field. This was just before the game began. They were passing each other out there when Neale dropped his glove and came at Tommy. Tommy swung on Neale's jaw and Neale reciprocated. Peace-makers got in between, but the season of 1916 had been formally opened.

Frank Moran Has New Job

Frank Moran has signed for an indefinite engagement with the Willard-Venue fight pictures. He is to open in Poughkeepsie Wednesday. Moran will deliver a monologue while the pictures are being shown.

Should Be Real Scrap

Jack Britton and Ted Lewis will stage their off repeated act at New York Wednesday night. It will be the sixth meeting between the pair. Lewis won two decisions over Britton, Jack won two newspaper decisions while opinions were divided on the result of the other bout.

Will Battle 15 Rounds

Charles White and Matt Wells will also to Kansas City for a fifteen-round mill Friday night. Wells gained two decisions over Charles in Boston and lost a newspaper decision to the Chicagoan recently at Cincinnati.

All American Team To Enjoy Banquet

Syracuse, April 4.—For the first time in football history an all-American eleven will gather when, on April 15, the members of the 1915 mythical team, selected by Walter Camp, will be the guests of the Syracuse University Athletic Association, at the annual athletic dinner in the John D. Archbold gymnasium.

Invitations to the eleven members of the first team were sent out this week and already acceptances have been received from a majority of the men. Not one has said it would be impossible to attend. There is every reason to expect all the players will be present. At the same table with Walter Camp, who has agreed to be the principal speaker.

Charleston Team To Have New Park

Charleston, W. Va., April 4.—The Charleston Athletic Association is to be the incorporation name under which the local Ohio State League baseball team will be operated this season. A charter will be obtained by local promoters for the association this afternoon. Lloyd E. Smith, of the Kanawha hotel, has accepted the office of president of the baseball team and will direct all the business deals of the club.

Manager Walt Powell announced yesterday that he had made a purchase of two new sets of uniforms, which will be delivered within a few days. Work on the new park at Kanawha City is expected to begin today, if weather permits, and Mr. Powell will have players reporting before the end of the month. These facts prove that many local enthusiasts have an interest in the club and expect to have Charleston well represented in the race.

WILLIAMSON TO SEE REAL BASE BALL

Huntington, April 4.—The baseball fans of Williamson, W. Va., will see the first game played by Huntington's representatives in the Ohio State league, Manager J. H. DeArrand announced yesterday. He said he has scheduled a contest for Sunday April 23. The recruits will arrive here on April 18 to start training and twenty men will be batted to the Mingo metropolis for the first encounter.

Soft For Fulton

Minneapolis, April 4.—Fred Fulton, the Rochester, Minn., heavyweight, has signed a contract with a syndicate of five New York promoters, including Tex Rickard, to meet three fighters in New York for \$50,000, according to an announcement here today by Mike Collins, Fulton's manager, on his return from New York.

The first fight will be with Al Reich on April 28 or May 6, the second with Jim Coffey or Frank Moran, and the third on Labor day with a man to be picked by the promoters.

Cubs Win Game

New Orleans, April 4.—The Chicago Nationals defeated the New Orleans Southern Association team Monday 6 to 2.
Score:
Chicago..... 6 7 2
New Orleans..... 2 6
Batteries—Scotton, Hendrix and Archer; Dillinger and Higgins.

32 Candidates Began Work

Bloomington, Ind., April 4.—More than fifty candidates are expected to be out today for spring football practice at Indiana University. Practice opened yesterday under the direction of the new coach, E. O. Stehm, thirty-two men participating.

FIRST GAME APRIL 19

Columbus, April 4.—April 19—Western Reserve at Columbus.
So reads the Ohio State baseball schedule, and accordingly the Scarlet and Gray squad, captained by Sam Robinson and coached by L. W. St. John, is rapidly shaping itself toward a proposed ball team. In Western Reserve, the varsity is likely to find a factor, since the Clevelanders generally put out good baseball teams.

JOHNSON IN SHAPE?

Those who have seen Walter Johnson, the speed merchant, blow on through this spring for the Washington Senators say the dabo wizard is already in grand shape. Johnson is, of course, slated to pitch the opening game for the Senators. What would an opening be in Washington without the great Walter on the mound for the "town boys?"

Yanks Get New Scout

Springfield, Ill., April 4.—Richard P. Kinsella at Cincinnati today signed a contract to scout for the New York Americans this year, according to information received here today.

YOUNG PAUL REVERE'S RIDE A "Movie" Melodrama in 16 Thrilling Scenes By GOLDBERG

A "movie" reel can't beat a tin of Tuxedo for real action. There's a thrill in every pipeful—an emotion in every puff! "Tux" is packed so full of snap and vigor that you begin to register joy from the scratch of the match.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Maybe you think you "can't smoke a pipe." Listen:—Tuxedo has already converted into steady, joyful pipe-smokers thousands of men who once thought the same way—until they tried Tuxedo and found the one tobacco that positively cannot bite or irritate the most sensitive throat and tongue.

The original, exclusive, secret "Tuxedo Process" is the reason. This Process was invented by a doctor for the express purpose of removing the last, lingering trace of bite and sting from the ripest, mildest tobacco, made rich and mellow by ageing from 3 to 5 years!

No other tobacco can be like Tuxedo. That's why all imitations of Tuxedo fall down when they reach your pipe. Put Tuxedo to the pipe-test today.

THE CAREER OF GENERAL PERSHING

The American Review of Reviews for April gives a comprehensive review of the army career of General Pershing, commander in chief of the expedition sent after Villa, that shows the peculiar qualifications possessed by him for the work in hand. An abstract of the article, "Pershing On The Trail", is appended and will be found of interest.

"As long ago as 1887 General Miles, one of that group of Indian fighters and plainsmen whose valor gave distinction, if not glory, to our little army in the years succeeding the Civil War, thought it worth while to commend officially a young lieutenant of the Sixth Cavalry for 'marching his troop, with pack train, over rough country, 140 miles in forty-six hours, bringing in every animal and man in good condition'.

The young officer—he was a second lieutenant, only one year out of West Point—was John J. Pershing, a native of Missouri, who had come out the year before, just in time to join the operations that resulted in the rounding up of Geronimo, the famous Apache chief, whose depredations and treachery had engaged the attention of Generals Crook and Miles for a period of two years and had severely strained the resources of the entire United States Army as it was at that time organized.

It will be recalled that the wily Indian who defied the United States Government so successfully for so long a period had to be pursued into Mexico over some of the same ground, now being traversed by the American expeditionary force in search of Villa, before he could be captured. A similarity at once suggests itself between the operations of 1916 in that forbidding land and those of 1885-87. In each instance the renegades were supplied with arms and munitions of American make, were thoroughly familiar with the mountainous country in which they took refuge, were ready to stop at no act of cold-blooded atrocity to accomplish their immediate purpose, and were animated by a consuming hatred of their pursuers, tinged possibly by a strain of contempt.

"On March 15, 1916, General Pershing, at the head of a cavalry column far more imposing than that which he had commanded, as a lieutenant, twenty-nine years before, rode across the international boundary into Mexico and within forty-two marching hours, despite the lack of water and the roughness of the country, covered 110 miles. For so large a body of mounted men, this average advance of thirty-three miles a day compares not unfavorably with the record made by the same officer in 1887. The vim and dash that then won praise for the young subaltern now command, in the seasoned general, the whole country's admiration.

"General Pershing spent ten years in the Southwest, and that period of service, even if he had no further training as a soldier, gave him precisely the equipment and seasoning required for the work that has now been committed to him. That decade of soldiering included, in addition to the pacification of the Apaches, the adjustment of difficulties between the whites and hostile Zuñis in Arizona, and participation in the last Indian campaign that our army has been called upon to make—that against the Sioux in 1890-91. All in all, when Pershing was ordered east in 1896, he had seen about every form of active service that was possible at that period for any officer of our army.

"The brief Santiago campaign in the war with Spain meant little to Pershing save that it gave him his chance as an officer in the Tenth Cavalry (colored troops) to display a coolness and bravery under fire which his colonel, a veteran of the Civil War, said he had never seen equaled. He was promoted for gallantry at the battle of El Caney.

"Like Lawton and others of our army officers who had served an apprenticeship at Indian fighting in the Southwest, Pershing was sent to the Philippines to help reduce the insurgent native population to a state of order. The magnitude of this task has never been appreciated in the United States.

"One of the most difficult of all the tasks required of our army in the Philippines was the subjugation of the hostile Moros in the island of Mindanao. The performance of this unpleasant duty fell to Captain Pershing. The raids of the warlike Moro tribes on the coast towns of the island were checked by Pershing's brilliant victory in the fight at Bayan, but the Sultan of Basilan remained obdurate, and the various strongholds of this tribe had to be demolished before obedience could be secured. After forty of these forts had been destroyed, with a loss of only two American lives, the subjugation of Mindanao was completed and Pershing became the military governor.

"Strange as it may seem, the American commander's reso-

—NEWS ITEM

lute performance of his duty, his strict fulfillment of every pledge, and his carrying out of every threat, won for him the affection of these rude people whom for three hundred years the Spaniards had failed to conquer or to rule. They formally elected Captain Pershing a Datto of the tribe, conferring on him the power of life and death, so that he is today perhaps the only American army officer entitled to serve as a Mohammedan judge.

"In 1906 President Roosevelt promoted Pershing from Captain to Brigadier-General over 862 other officers. Although this is said to be a record "jump" in the history of army promotions, it may well be regarded as having been not only merited but actually earned by General Pershing's brilliant and complete success in the accomplishment of most difficult and arduous work in the routine of his profession. At the age of fifty-six, after thirty years of service in the army (most of those years actually in the field), it may be said that no American officer is better entitled to high command and none more worthy of the nation's confidence as regards the special duty to which he has been assigned, than John J. Pershing.

American exports for February reached a total of \$109,836,525 according to an announcement made today by the Bureau of Foreign and Domestic Commerce, of the Department of Commerce. This is the highest point ever reached by the export trade in this country and exceeds the high mark for December, 1915, by \$50,000,000. It exceeds the total for January, by \$83,000,000. The decline in January had been taken in some quarters to mean that the record figure for December had marked the high tide in the flow of American exports. The total exports for the first eight months of the fiscal year 1916, are \$2,586,301,570 and it now seems probable that the exports for the whole fiscal year will reach \$4,000,000,000.

February imports also set a new high record, being valued at \$139,935,117, which is about \$10,000,000 more than in January, and much above the total for any earlier February. Over two-thirds of the month's imports entered free of duty.

There will be two or three hundred more automobiles in operation in Portsmouth this season than last. That means more danger to life and limb unless great care is exercised by car drivers and by pedestrians. One important thing is for parents to begin early to warn children of the dangers that come from playing in the street and more particularly from suddenly darting into the street. Ninety-five per cent of street accidents come from persons going into the street without first looking to see if the street is clear.

Sometimes we almost think that there are some things about this administration that don't entirely suit Mr. Roosevelt.—Boston Transcript.

NEW-YORK-DAY-BY-DAY.

O.O. MCINTYRE.

New York, April 4.—The grills, the dancsants and the lobster halls have been ringing with gossip about Dr. Arthur Warren Waite murders for the past week. Dr. Waite was well known along Broadway, but not as a lavish spender. Rather was he known as a young blood with a large income who did not smoke, drink or swear.

The dual personality plea has inspired a Gramercy Park playwright to write a play called "The Man From Egypt," which he finished in three days—but hasn't as yet sold. The ways of crime are not easily understood. It appears that while the Grand Rapids dentist had little respect for many of the conventional laws, he never cheated at lawn tennis, his favorite outdoor sport. Murder, it seems, was his favorite indoor sport.

A Park Row newspaperman recalls a particularly hard match Dr. Waite had recently with Ingo Hartmann. Hartmann sent a ball outside, but Dr. Waite played it, and when the umpire asked Waite whether the ball wasn't outside—Waite had lost the point—he said he thought it had never been good and played it as such.

The news is zipping up and down the theatrical district that a huge moving picture trust is now in the process of formation—a gigantic combine that will outdo anything else ever attempted.

The man who is attempting to bring about a merger of extensive motion picture corporations is Benjamin B. Hampton, former magazine editor and now vice-president of the American Tobacco Company. Hampton is known as a man who does things, and the fact that he is the guiding genius of the project forecasts a big stir in the moving picture world.

The American Tobacco Company is not involved in the transaction, and Mr. Hampton is representing merely himself. Designed by reporters, Mr. Hampton has absolutely refused to comment on reports that Mary Pickford and Charlie Chaplin had been obtained by the consoli-

ated films—their \$500,000 and \$670,000 salaries and all.

The reports have it that shrewd experts have for months been going into moving picture earnings and find it quite as enormous as press agent—despite much public scoffing.

It is said that if any man can put such a huge merger through, Hampton is the one to do it. He took the Broadway Magazine—a weak sister in the magazine field—and made it one of the most powerful in a short time. He has also put through some of the biggest deals in advertising history.

Have you ever sat through the wee sma' hours around the green baize table trying to fill a bottle of flush under the impression you were gambling? If you have, paraphrasing Goldberg: "It's all wrong, Hoyle, it's all wrong."

Magistrate Levy has decided in the West Side court that playing poker is not gambling. It is a gentleman's game, he said, and is permitted in many of our most exclusive clubs and in countless homes where there is ultra refinement.

A Patterson, N. J., man will roll a peanut fifteen blocks next week without speaking, because he thought Willard would lose to Morron. If a squirrel should happen along it would be much perturbed to know whether to eat the roller or the rollee. The gentleman does not belong in Patterson. His home should be in the staid village of Nutley, N. J.

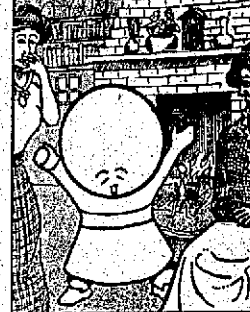

Mr. Hearst, in his newspapers, is attempting to prohibit prize-fighting in New York state. He is eager to have a law passed forbidding such exhibitions. One humorist has discovered, after consulting his lawyer, that there is not a single law which compels any citizen to attend, countenance, pay money to witness or discuss a prize fight.

Prowlers Abroad

Officer Preston Sheppard reports that residents of Mill and Front streets have been complaining about negro prowlers since the recent high waters and that there is a strong movement on foot to reorganize the old "Brownie" gang, which stood in a class by itself in ridding that section of undesirables.

TWO DEAD BODIES ARE FOUND AT SCIOTOVILLE

Aged Hermit Falls From Bridge; Other Body May Be That Of Murderer "Louse"

The finding of two dead bodies in the vicinity of Sciotoville, one late Monday night and the other early Tuesday morning, has aroused the whole neighborhood. At midnight, Motorman Clarence Wright and Conductor Henry Smith, the crew in charge of the late Sciotoville street car, found the huddled body of a man lying on the tracks just at the entrance of the viaduct under the Baltimore and Ohio railroad. The car was brought to a stop and the crew hurried to the man's assistance. A quick examination revealed that the man was dead. His body was covered and Sheriff Smith and Coroner J. W. Daehler were notified.

Early Tuesday morning, employees of the Allen Construction company found the second body, that of a negro, floating near the storage dam in the Little Scioto river at Wheeler's Mill. The body was covered with mud and it was barely resting upon the concrete work of the dam, floating face downward. The sheriff and coroner were also notified of this ghastly find.

First Body Identified
Sciotoville citizens, who on learning that a corpse had been found under the Baltimore and Ohio railway bridge, went to the scene, identified the first body as being that of Henry Dowdy, an aged hermit who lived in a shanty near the Norfolk & Western depot.

It is supposed that Dowdy became intoxicated, as a half empty bottle of whiskey was found in his inside coat pocket, and attempted to cross the trestle. On reaching the center of the bridge, it is thought, he staggered too close to the edge and the uncertain motions of a heavy black overcoat and the clumsy gum boots which he wore overbalanced him and he pitched headlong into the yawning abyss below. The heavy body struck head-first the sharp corner of a railroad tie and killed the man instantly. The head was lying in a pool of blood when found by the street car men.

The body was carefully removed from the street car tracks by the crew and covered with the long overcoat, and left until the coroner arrived Tuesday morning at 9 o'clock.

Dowdy is survived by one son, John Dowdy, who is employed in the Schly Shoe company. Friends of John notified Dowdy of the unfortunate accident that befell his father Tuesday morning. Mr. Dowdy left for Sciotoville about 8:30 o'clock and will take charge of the body after the coroner completes his examination.

Second Body Is Discovered

The second body was discovered by employees of the Allen Construction company, who while crossing the foot bridge near Wheeler's Mills Tuesday morning at five o'clock, were startled by seeing a huddled form of a negro covered with a heavy coating of mud floating against the heavy concrete dam. They watched the ghastly sight for several minutes and saw the head, which was floating face downward, lodge on a portion of the wall and remain there.

The party hurried to the offices of the Allen Construction and told the story of their find. Telephone messages were sent to the sheriff and coroner of the find but the officers were not reached as they were at Sciotoville investigating the details of the death of Henry Dowdy, whose body had been found under the trestle of the Baltimore and Ohio railway. So a man was placed on the bank near the dam to watch the body until the officers could come to the scene. Then the body will be removed.

Several believe that the body is that of "Louse," the negro who murdered George Washington by shooting him with a shot gun in a fight and afterwards beating his head to a pulp with the stock of a shot gun last February, and others believe that it was the negro named Thomas Ennis, of the Hunt-Forbes camp, who disappeared shortly after a posse of citizens ran him from his shanty, believing him to be "Louse."

Had A Clue About Louse

Several days after the horrible murder of George Washington, the officers of the law and the employees of the construction camps scoured the country, night and day, looking for "Louse." Reports and rumors of his whereabouts came thick and fast. All were investigated but the murderer was not found. One afternoon a report reached the Hunt-Forbes camp that "Louse" was standing in the doorway of a shanty. So a posse was quickly formed and the man hunt began. The negro who was standing in the shanty door quickly fled when the armed force approached.

A running fight ensued with the negro in the lead. Finally the posse lost sight of their quarry, but trailed him to the banks of the Little Scioto river, where footprints were seen leading into the river but none could be found where the negro left the stream. It was then believed that "Louse" had jumped into the stream and drowned.

Ennis Had Also Disappeared

The next day it was found that Thomas Ennis, a negro who occupied the same shanty that was surrounded by the posse, had disappeared. It was then said that Ennis was the man who was chased into the river by the posse.

Ennis, according to the commissary clerk at the Hunt-Forbes camp, was fearing trouble with the officers of the law because of his mix-up with a negro. He expected trouble daily and became frightened when he saw the armed men approaching.

It remains to be seen whether the body found at Wheeler's Mills is that of Louse or Ennis. At the time "Louse" disappeared, he was wearing a dark brown flannel shirt, a pair of faded blue trousers, a blue jumper with the left hand pocket torn.

Sheriff E. W. Smith and Coroner J. W. Daehler will go to the construction camp to examine the body.

COLLUSION IS CHARGED

PRIMARIES IN NEW YORK

New York, April 4.—For the first time in the history of New York state, voters will today elect delegates to the Democratic, Republican and Progressive national conventions in direct primaries.

The latest telephone wires in Portsmouth are those leading to the TIMES WANT AD department.

ANOTHER BODY IS FOUND

Coroner J. W. Daehler received a telephone message from Ironton Tuesday morning at ten o'clock which stated that the body of an unknown white man had been found along the tracks of the D. T. & I. railway near Superior, this county, Tuesday morning. The remains are badly mutilated. Sheriff E. W. Smith and Coroner J. W. Daehler will leave for Superior this noon. Superior is about four miles south of Chaffin Mills.

PORKER CHOKES TO DEATH ON RAT

J. S. Violet, of Lucasville, is mourning the loss of one of his fattest and finest hogs, a post-mortem over which revealed a remarkable disclosure.

The hog had been choking

violently and it was decided to kill the porker and ascertain what was wrong. When cut open it was found that a full grown rat was lodged in the hog's throat, causing the choking. Whether the

rodent ran into the hog's mouth while it lay asleep or whether the hog simply gobbled up the rat are questions puzzling Mr. Violet and everybody about his farm place.

PEERLESS LODGE K. OF P. ORGANIZED LAST NIGHT

Has Been Discharged

Portsmouth now has three Knights of Pythias lodges, a new one, to be known as Peerless Lodge, Knights of Pythias, was organized at an enthusiastic meeting, held Monday night in Brady's hall, in the East End. County Deputy Edward Brebner presided.

Enough members were present to secure a charter, and all details of the new lodge will be worked out and it will probably receive its number at a meeting to be held Thursday.

April 13, it was stated Tuesday by James Biles, who was instrumental in the formation of this new lodge.

Officers elected for Peerless Lodge Knights of Pythias Monday night were as follows:

Past Chancellor, James Biles, E. N. Brady, Charles Jackson, and E. H. Lawson.

Chancellor, Commander, Thomas McCarty.

Vice-Chancellor, Roy Brady.

Prelate, William Hynes.

Master of Work, Frank Geiger.

Keeper of Record and Seal, Ralph Brady.

Master of Finance, E. N. Brady.

Master of Execution, Hayden McCarty.

Master At-Arms, Ed Knost.

Deserted Wife Asks Aid Of The Police

A woman giving the name of Mrs. George A. Mills, saying she was the wife of a traveling photographer, of Hinton, W. Va., appealed to the police Monday to aid in locating her husband, who disappeared Friday afternoon and has not been seen since.

According to the story told by the woman, she and her husband came to Portsmouth several days ago, and engaged board and

room at the home of Mrs. Lucy McNally, Fourth street. On Friday afternoon, her husband told her that he was going out for a few minutes and would return. This was the last seen of him, although it was reported that he was seen in Portsmouth Sunday afternoon.

Mrs. Mills was left without money but acquaintances came to her rescue and are caring for her until the husband is located.

AUTOS COLLIDED ON SCIOTO TRAIL

Two automobiles were damaged Monday night near Davis station, when P. E. Roush, driving his Ford touring car, and Clarence Steady driving his Buick touring car had a collision. None of the occupants of the cars was injured.

Mr. Roush and Louis Miller were driving south on Scioto Trail after a trip to Lucasville, and as they neared Davis Station, they met Clarence Steady's machine going towards Lucasville, and a collision resulted. Mr. Roush claims that the headlights of the Steady car blinded him so that he could not see to drive.

Roush's Ford car was badly damaged by the impact. The radiator was broken, the front wheels were dished and the front axle was bent. The Steady car escaped with a badly bent radiator, bent fenders, broken lamps and several dents in the body.

Mr. Steady was able to drive his machine back to the city, but Mr. Roush was compelled to call the Universal Motor Car Company for aid. The wrecked car was towed in Tuesday morning for repairs.

This is the first automobile accident of the season on the Scioto Trail and emphasizes the necessity for drivers of cars to exercise the greatest caution in passing.

Bicycle Thieves Again At Work

Bicycle thieves are again operating with a bold hand over town and police believe that there is an organized band of them.

Reports are received daily about wheels being stolen, the latest to report such a theft being Clarence (Doc) Garrison, a barber of Second and Madison streets. Doc had gone to the Schuler hotel Monday afternoon to pay his rent, and when he emerged from the building a few minutes later he found his black framed Duplex bicycle had disappeared. Thinking at first that he had been made the victim of a joke, he made a search in the neighborhood, without result, then went to police headquarters and reported the facts.

Running down bicycle thieves and recovering stolen wheels are among the most difficult propositions the police are confronted with. It is an easy matter to remove number plates, repaint the frames, or make a shift of parts as to render bicycles absolutely unrecognizable by their owners.

COMPLIMENT TEACHER

Frost, Ky., April 3.

One of the most successful terms of school that Mt. Zion has had for several years has been closed here.

Our teacher, Miss Olive Davis, of Fullerton, is one of the finest teachers Greenup county has today and we certainly do appreciate what she has done for the children of this district during the past months she has been with us, and I think the whole community will join in thanking her for the interest taken and the hard work that she has done for the welfare of all the children. We should all have been proud to have Miss Olive come back to us for another term this fall but as we are so unfortunate as to not secure her service we wish her success in all that she may undertake to do in the future.

The Bulgarians were met at the train by Archduke Frederic, and this picture of the distinguished company was taken immediately after the king's arrival.

ADAM SEEL IS CALLED BY THE GRIM REAPER

Life's curtains closed on a long and useful career Tuesday morning at 6:30 when the Grim Reaper claimed Adam Seel, aged 72 years, the dean of local bakers, eaters and confectioners and one of Portsmouth's best known business men and most highly respected citizens.

Mr. Seel was surrounded by his loved ones when the end came peacefully. He had been in a comatose state for the past three days, after having been bedfast for ten weeks, suffering with cirrhosis of the liver and complications. Until stricken a few months ago Mr. Seel had enjoyed perfect health practically all of his life time.

News of his death was received with genuine regret over the city. An honest, upright citizen, splendid business man, always courteous and obliging, devoted to his family and true to his friends, Mr. Seel was highly regarded by all who knew him.

Adam Seel was born in Kulmbach, Bavaria, Germany, October 8, 1844. His father, Michael Seel, a blacksmith, died when Adam was only 15 months old. The mother was left with four children, two sons and two daughters of which Mr. Seel was the youngest. The family emigrated from Bremen to the United States in 1856 on a sailing vessel and landed at Baltimore. They were on the ocean fifty-seven days. They located in Hagerstown, Maryland, where Mr. Seel worked in a brick yard until 1857. He then went to school for two years and at the age of fifteen years he became apprenticed to learn the baker's trade, spending two years and six months in this way. He worked at Harrisburg, Penn., and in the spring of 1864 he came to Portsmouth and took employment with B. Switzer, who had a confectionery on Second street, just west of where the Portsmouth Hat company's store is now located. He remained with him until 1868 when he engaged in business for himself on Sixth street, near Chillicothe. In 1869 he moved to the former location of Mr. Switzer on Second street and in 1872 he removed to 737 Second street where he conducted a bakery and confectionery ever since. In 1892 he bought the lot just east of the present building and built there and in 1895 he built the building just above the bakery now occupied by Hansen Bros.' furniture store.

Mr. Seel was married July 10, 1866 to Eliza C. Lease at Hagerstown, Maryland. Of this marriage there were two daughters: Miss Clara L. Seel at home and Kate, the late widow of Frank Legler, she dying two years ago. His wife died December 27, 1877. Mr. Seel was again married February 26, 1879 to Harriet Wolfe who survives him. To this union were born two daughters: Nellie, the wife of Walter Patterson and Miss

Norah Seel, at home. A half brother, George Garrison, resides at Funkstown, Maryland.

Mr. Seel was a staunch Democrat and served as a councilman from the old Third ward for eight years. He was of the Lutheran faith and was a member of Aurora lodge, Mt. Vernon Chapter, Solomon Council and Calvary Commandery of Masons. He was also a charter member of Portsmouth lodge of Elks.

Funeral arrangements will be announced later.

Miss Margaret Begler, a grand daughter, had hoped to return to Portsmouth in time to see Mr. Seel alive but is still at Garriton in the mountains of Lincoln county, New Mexico. She had intended remaining there but a short time but the raids of Mexican bandits upon the American border occurred shortly after her arrival there, and prevented her return.

Funeral arrangements will be announced later.

The Ohio river, which has been going down very slowly since it became stationary last Friday morning, began falling at a more rapid rate Monday night.

Tuesday morning, at 7 o'clock, found the river had dropped to 43.7 ft., which lacked five-tenths of making a 10 ft. drop since it commenced receding. The water left the towpath during the night and travel over the road was general early Tuesday morning. The road proved to be in comparatively good shape. There was no mud to speak of, and the only condition on which there could possibly be any complaint was that the smooth surface had disappeared, due to the jacking washing away and leaving the stones in a rough state. The rainfall here Monday night was .04. Packet departures announced for Wednesday are as follows: Klondike down for Rome at 2 p. m.; Tacoma up for Pomery at 2 p. m.; Greyhound for Huntington at 3 p. m.
